Apple Roquefort Bread

3/4 cup apple juice
1/3 cup crumbled Roquefort cheese
1 tablespoon shortening
1 1/3 cups whole wheat flour
2/3 cup bread flour
2 teaspoons brown sugar
1/2 teaspoon salt
1 teaspoon active dry yeast

Add the ingredients to the bread machine as directed by the manufacturer. Add the cheese and juice together. If possible, use the light crust setting for best results.

Babka in the Bread Machine

For the coffeecake

1/2 cup milk
1/3 cup water
2 large eggs
1/2 cup butter, softened
1/2 cup granulated sugar
1 teaspoon salt
4 cups all-purpose flour
2 packages active dry yeast (4 1/2 teaspoons)

For the topping

3/4 cup granulated sugar
1 tablespoon cinnamon
Grated zest of 1 large orange

Be sure that all ingredients are at room temperature. Place ingredients for the coffeecake in bread pan in the order listed. Select the Dough or Manual setting, and press the Start button.

While the dough is being made, combine the ingredients for the topping.

After the machine has completed the cycle, remove the dough and place it on a lightly floured work surface.

Divide the dough into four equal sections, and then divide each section into four parts. You will end up with 16 pieces.

Roll each piece into a ball. Roll each ball in the cinnamon/orange topping.

Place balls in greased and floured 10-inch fluted tube or Bundt pan. Cover and let rise until the dough reaches the top rim of the pan and an indentation remains after lightly touching the side of the dough (about 1 to 1 1/2 hours).

Preheat the oven to 350 degrees F. Bake for 40 to 45 minutes until babka is golden brown. Cool in pan on a rack for 10 minutes. Remove from the pan and cool on a rack. Dust with confectioners' sugar if you like.

Makes 1 large coffeecake or about 20 slices.

In a small bowl, combine the the brown sugar, cinnamon and nuts. Sprinkle the cinnamon mixture evenly over the dough. Roll up the dough, jellyroll fashion, starting with the short, 9–inch side, forming a loaf; pinch the edge to seal.

***Gluten Tip – Some bread machines have a whole wheat or whole grain cycle, which comes in handy when making whole grain breads. If your machine does not have this cycle, try adding gluten to whole wheat, whole grain, and rye bread recipes to improve loaf height, texture, and structure. (If your supermarket does not carry gluten, check with a health food store.)**

3 1/2 cups bread flour
1 teaspoon salt
2 tablespoons olive oil
2 teaspoons instant yeast

Place all of the dough ingredients in pan according to manufacturer's directions. Set on dough cycle. When cycle is finished, remove dough to floured surface and punch down before shaping.

Shape the dough in to a single smooth ball and divide into 8 equal pieces. Shape each piece of dough in to a smooth round ball and then flatten in to a disc about 1–inch thick. Cover the dough with a damp towel and allow to rest for 10 minutes.

Preheat oven to 475 degrees F. Place baking stone or cookie sheet in oven while it's heating.

Flatten each piece of dough out into a circle that is about 1/4 to 1/3–inch thick.

Using a spray bottle filled with water, spritz the 475 degrees F oven and quickly place the first round of dough on hot cooking sheet or stone. Reduce heat to 450 degrees F and bake for 3 minutes. Remove from oven and let cool on wire rack. Repeat the entire procedure with each piece of bread. If baking surface is large enough, 2 pieces of dough may be baked at the same time as long as they are not touching each other.

Do not wait for the dough to brown as it will dry out too much. The dough after 3 minutes should look like a big balloon and still be white in color.

After the baked pitas have cooled and deflated, cover them with a damp towel. When all pitas are baked and completely cool, place them in a freezer zip–lock bag for storage.

Use within a day or two as they dry out fast. When you cut the pita in half you should have no trouble separating the two sides of the dough to form your pocket.

Beer Biscuits

Best Ever Biscuits

2 cups all-purpose flour
1 tablespoon baking powder
2 teaspoons granulated sugar
1/2 teaspoon cream of tartar
1/4 teaspoon salt
1/2 cup shortening or butter
2/3 cup milk

In medium mixing bowl stir together flour, baking powder, sugar, cream of tartar, and salt. Mix well to distribute the baking powder and the salt.

Using a pastry blender or fork, cut shortening into flour mixture until the mixture resembles coarse crumbs. If you use butter, be sure it is chilled. (Mixing by hand softens the shortening, making the dough sticky and hard to handle.)

Gently push the flour-shortening mixture against the sides of the bowl, making a well in the center. Pour the milk into the well all at once. Using a fork, stir just until the mixture follows the fork around the bowl and forms soft dough.

Turn the dough out onto a lightly floured surface. Knead gently 10 to 12 strokes.

On the lightly floured surface, pat the dough to 1/2-inch thickness (or roll it out with a lightly floured rolling pin, if desired). Sprinkle a little flour over dough.

Cut biscuit dough with a 2 1/2-inch round biscuit cutter, pressing the cutter straight down. Be careful not to twist the cutter or flatten the cut biscuit edges or you won't get straight-sided, evenly shaped biscuits. Dip the cutter into flour between cuts to prevent sticking. If you do not have a biscuit cutter, use a straight-sided glass. Or, pat the dough into a 1/2-inch-thick rectangle and cut into squares or triangles using a sharp knife.

Using a metal spatula, carefully transfer the cut biscuits to an ungreased baking sheet. For crusty-sided biscuits, place about 1 inch apart. For soft-sided biscuits, place biscuits close together in an ungreased baking pan.

Re-roll scraps of dough and cut into biscuit shapes. Try to cut out as many biscuits as possible from a single rolling of dough. Too many re-rollings of the dough causes biscuits to be tough and dry.

Bake biscuits in 450 degrees F oven 10 to 12 minutes or until biscuits are golden on the top and the bottom.

Serve warm.

Makes 10 to 12 biscuits.

Cut each half into 8 strips. Dip each strip into melted butter in pan, carefully turning to coat; arrange in rows in pan. Bake at 425 degrees F for 18–20 minutes or until golden brown.

1 tablespoon baking powder
1 teaspoon fine salt
16 tablespoons unsalted butter, cut into 1-inch pieces
1 cup buttermilk
1 tablespoon lemon zest
1/2 cup black raspberry jam
1 1/2 teaspoons sugar

Make the dough: Preheat oven to 400 degrees F.

Place the flours, baking powder and salt in the bowl of a food processor fitted with a metal blade and pulse until combined. Add the butter and pulse until the mixture resembles coarse meal. Add the buttermilk and zest and pulse until the dough is just combined.

Shape the scones: Line a baking sheet with parchment paper and set aside.

Place an 18-inch sheet of parchment paper on a work surface and sprinkle it lightly with flour. Transfer the dough to the paper and, with floured hands, gently press the dough into a 12-inch square; the dough should be about 3/4 inch thick. Cut out two six-inch circles, reshape the remaining dough into a 3/4-inch-thick square, and cut out one more 6-inch circle. Gather the remaining scraps and form into one final 6-inch circle. Place 1/4 cup of jam on two of the circles. Top each with the remaining dough rounds and pinch the sides shut. Using a knife, score the top of each scone with a large cross marking 4 quadrants. Sprinkle the tops with sugar. Transfer scones to the prepared pan and bake until golden, 35 to 40 minutes. Transfer to a wire rack to cool. Split or cut on the score lines.

Serve warm or at room temperature.

Blackberry Cream Scones

2 cups all-purpose flour
3 teaspoons baking powder

90 Minute Bread

4 cups warm water
4 packages yeast
4 teaspoons salt
8 tablespoons granulated sugar
4 tablespoons vegetable oil
7 to 8 cups flour

Dissolve yeast in 1 cup of warm water. Mix in remaining ingredients until dough is soft, but not sticky. Use all whole wheat flour, all white, or mixture as desired. Whole-wheat pastry flour is the most silky and desirable for all baking purposes. When dough is soft and leaves sides of bowl, cut into 4 pieces. Let stand 15 minutes.

Pound each piece of dough for 1 minute with rolling pin on a lightly floured board. Form into loaves and put into 4 greased loaf pans. Let stand 30 minutes or until doubled in size.

Bake for 20 to 30 minutes at 350 degrees F. Cool rack before removing loaves from pans.

Adobe Bread

**2 cups whole wheat flour
1/4 cup granulated sugar
1/4 cup lard or shortening
2 teaspoons salt
2 packages active dry yeast
2 cups very warm water (120 to 130 degrees F)
3 to 4 cups all-purpose flour
2 teaspoons all-purpose flour**

Mix whole wheat flour, sugar, shortening, salt and yeast in a large bowl; stir in warm water. Beat on low speed of electric mixer for 1 minute, scraping the bowl frequently. Beat on medium speed for 1 minute, scraping bowl frequently. Stir in enough all-purpose flour, 1 cup at a time, to make dough easy to handle. Turn dough onto a lightly floured surface. Knead until smooth and elastic, about 10 minutes. Place in a greased bowl. Turn the greased side up. Cover and let rise in a warm place until double, 40 to 60 minutes. The dough is ready when an indentation remains when dough is touched.

Punch dough down, divide into halves, and let rest for 5 minutes. Shape into 2 round, slightly flat, loaves. Place loaves on opposite corners of a large greased cookie sheet. Cover with a dry cloth and set to rise another 45 minutes.

Preheat the oven to 375 degrees F. Make 1/2-inch deep slashes across the top of each loaf in a lattice, bear paw or squash blossom design. Sprinkle each loaf with 1 teaspoon all-purpose flour. Bake loaves for 35 to 40 minutes, until they are light brown and sound hollow when tapped.

Almond Raspberry Braid

4 tablespoons butter
1/3 cup milk
1 packet active dry yeast
1/4 cup warm water
1 teaspoon plus 1/2 cup granulated sugar
2 eggs
1/2 teaspoon salt
2 teaspoons grated lemon peel (just the outer yellow part)
1 teaspoon ground cardamom (optional)
3 cups bread flour (we recommend King Arthur brand)
2/3 cup raspberry preserves
1 (7 ounce) box Odense Almond Paste
1 egg white, room temperature

Equipment

Food processor fitted with the plastic dough blade
Pastry brush for applying egg white (any small, clean brush works fine)

Put the butter and milk in a small dish and melt in the microwave.

Sprinkle the yeast and one teaspoon of sugar into the warm water (between 100°F and 110°F) and whisk until dissolved. Let stand for 10 minutes or until the mixture is bubbly and has close to doubled in volume (water that is too warm will kill the yeast, and it won't double/bubble).

In the food processor fitted with the plastic dough blade, add butter/milk mixture, 1/2 cup sugar, eggs, salt, lemon peel and cardamom. Pulse a few times to mix well.

Add the flour and the yeast mixture a bit at a time, pulsing. The dough is mixed when it pulls away from the side of the bowl and forms a ball. If the dough is too sticky and refuses to form a ball, add a tablespoon of flour at a time until it cooperates.

Turn the dough onto a floured work surface. Knead about 4 minutes or until dough feels soft and elastic.

Oil a bowl big enough to allow the dough to double in size. Form the dough into a ball and place in the bowl, turning the dough once so that the top also is coated with oil.

Cover the bowl with wax paper and a towel and let rise in a warm spot for one hour or until doubled in size.

Line a cookie sheet with parchment paper, or lightly grease it.

Punch down the dough. Flour your work surface and roll the dough into about a 10 x 14-inch rectangle. Transfer to the cookie sheet.

With the back of a knife, mark the dough into three long lanes of equal size.

To make the strips that will be braided, cut the two outer lanes into angled strips a little more than an

inch wide. We find that scissors are easier than a knife for cutting the strips.

Spread the raspberry preserves down the center lane. Slice the almond paste into thin “coins” and lay over the preserves.

Braid the strips, giving a gentle pull to keep the braid neat.

Let your Almond Raspberry Braid rest for another half hour to rise.

Preheat oven to 350 degrees F, with rack in middle.

Beat 1 room–temperature egg white with 1 teaspoon water. Brush onto the braid.

Bake for 30 minutes or until golden brown and braid sounds hollow when tapped.

Anadama Bread

1 package active dry yeast
1/4 cup lukewarm water
1/2 cup cornmeal
3/4 cup cold water
1 1/2 cups boiling water or milk
3 tablespoons butter
1/2 cup dark molasses
2 tablespoons salt
3 cups whole wheat flour
3 cups unbleached white flour, unsifted

Dissolve yeast in warm water for 5 minutes. Meanwhile, put cornmeal into the 3/4 cup cold water and soak. Pour this mixture into the boiling water and stir over low heat until mixture comes to a boil again. Remove from heat; add butter, molasses and salt. Cool to 95 degrees F to 105 degrees F. Be sure it is cooled at least to body temperature. You can place it in the refrigerator, stirring occasionally, to speed up the cooling process.

Combine yeast and liquid cornmeal mixture. Put the whole wheat flour into a large mixing bowl, add liquid all at once, and mix into a smooth batter for 3 to 5 minutes.

Gradually add white flour and beat and knead until smooth, elastic and non-sticky. Cover dough and let rest for 2 minutes. Gently knead and form into a ball.

Place dough in a well-buttered 6-quart bowl and cover with plastic wrap and a towel. Let rise slowly for 3 hours, or until doubled in bulk. Punch down, place on a lightly floured surface, cut in half, cover, and let rest for 1 minute.

Flatten dough into 2 3/4-inch thick rectangles. Fold each in thirds, turn and flatten again in the opposite direction. Roll into tight cylinders, pinching seam and ends. Roll back and forth until cylinders are the length of the bread pans.

Place dough in 2 well-buttered loaf pans, seam down, and cover. Let rise slowly at 75 degrees F room temperature for 1 1/2 hours or until dough has filled pans and curves above the edges. Preheat oven to 400 degrees F.

Bake for 15 minutes, checking to see that crust isn't browning too much. If it is, cover with foil. Reduce heat to 350 degrees F and bake for 45 minutes more. Bread is done when it pulls from the edges of pans, the crusts are firm, and a finger tapped on the bottom of a pan makes a hollow thump.

Remove from pans, place on a rack and return to a turned-off oven, door ajar, for 15 minutes, to set the crust.

Cool on a rack. When cool, place in plastic bags and store or freeze immediately.

Banana Yeast Bread

3/4 cup milk
1/2 cup butter or margarine
1/2 cup granulated sugar
5 1/4 to 6 cups all-purpose flour
1 package active dry yeast
1 teaspoon salt
3 eggs
3 medium ripe bananas, mashed
1 teaspoon water

In a saucepan, cook and stir milk, butter and sugar over medium heat until butter is melted; cool to 120 to 130 degrees F.

In a mixing bowl, combine 2 cups of flour, yeast, salt, 2 eggs, bananas and milk mixture; beat on low speed until combined. Beat on medium speed for 3 minutes. Stir in enough of the remaining flour to form a firm dough. Turn onto a floured surface; knead until smooth and elastic, about 4 to 6 minutes.

Place in a greased bowl, turning once to grease top. Cover and let rise in a warm place until doubled, about 45 minutes.

Divide dough in half; shape each into a round loaf. Place on a greased baking sheet; cut slits in tops. Cover and let rise until doubled, about 45 minutes.

Beat remaining egg with water; brush over the loaves. Bake at 375 degrees F for 30 to 35 minutes or until golden brown.

Yields 2 loaves.

Basque Shepherd's Bread

1/2 cup butter
1/2 cup granulated sugar
1 tablespoon salt
3 cups hot water
2 packages dry yeast
7 to 7 1/2 cups unbleached flour

In a very large bowl combine butter, sugar, salt and hot water. Stir only until butter is melted. Set aside so ingredients can cool until they are warm. Stir in yeast. Cover and set aside in a warm place until it bubbles, about 10 minutes.

Add 5 cups flour and beat vigorously with a large wooden spoon until batter is smooth. Add more flour (about 2 cups) to form a stiff dough. Knead, with long strokes, for about 10 minutes on a floured board. Add only enough flour to prevent sticking. Place dough in a large greased bowl; cover with a damp dish towel, and let rise in a warm place until doubled — about 1 1/2 hours.

Punch down and knead about 10 minutes. Form a smooth ball. Using a solid shortening, generously grease sides and inside lid of a cast iron Dutch oven. Cut a round of foil and place in the bottom of Dutch oven. Dust it lightly with flour. Place dough in Dutch oven and cover. Let rise in a warm place until dough pushes up lid.

Preheat oven to 375 degrees F. Place Dutch oven in middle of oven. Bake 12 minutes. Carefully loosen any raw edges with knife, then lift off lid. The lid's circled print should be on top of the loaf. Bake bread, uncovered, for 45 to 50 minutes more or until golden. Cover loosely with foil the last 20 minutes to prevent overbrowning. Remove from oven. Loosen loaf from Dutch oven with a flat table knife, and place on a wire rack to cool.

Black Bread

1 envelope dry yeast
1 teaspoon granulated sugar
1/4 cup warm water (105 to 115 degrees F)
1/2 ounces unsweetened chocolate
1 tablespoon margarine
1 1/4 cups water
1/4 cup dark molasses
2 tablespoons apple cider vinegar
1 tablespoon salt
1/2 cup All-Bran cereal
2 to 2 3/4 cups unbleached flour
1 1/2 cups rye flour

Sprinkle yeast and sugar over 1/4 cup warm water. Stir to dissolve. Let stand until foamy, about 10 minutes.

Melt chocolate and margarine with 1 1/4 cups water in a large bowl set over gently simmering water. Stir until smooth. Remove from over water. Blend in molasses, vinegar and salt. Mix in cereal. Let cool.

Grease a large bowl. Blend yeast into cereal mixture. Gradually stir in 2 cups unbleached flour and rye flour. Turn dough out onto lightly floured surface and knead until smooth and elastic, about 10 minutes, kneading in up to 3/4 cup more unbleached flour if needed to form a workable dough. Add dough to prepared bowl, turning to coat entire surface. Cover and let rise in warm area until doubled in volume, about 2 hours.

Grease two loaf pans. Punch dough down. Turn out onto lightly floured surface and let rest 3 minutes. Knead 3 minutes. Divide dough in half. Roll each into an 8 x 7-inch rectangle. Starting with long side, roll dough up into a cylinder. Tuck ends under and pinch seam to seal. Place seam side down in prepared pans. Cover and let rise in a warm place until doubled, about 1 1/2 hours.

Preheat oven to 375 degrees F. Bake until loaves sound hollow when tapped on the bottom, about 45 minutes.

Remove bread from pans. Let cool completely on a rack before serving.

Bread of the Dead (Pan de Muerte)

**1 package dry yeast
1/2 cup lukewarm water
5 cups flour
1 teaspoon salt
3/4 cup granulated sugar
1 cup butter, melted and cooled
6 eggs, lightly beaten
2 tablespoons anise water
2 tablespoons orange blossom water
1 tablespoon grated orange rind
1 1/2 cups confectioners' sugar
1 teaspoon vanilla extract
Milk
Pink sugar crystals**

Dissolve yeast in water, then add 1 cup of the flour. Stir to make a soft sponge, cover with a cloth, and let rise in a warm place until doubled in bulk.

Set aside 1/2 cup flour. To the yeast mixture add the remaining flour mixed with salt, sugar and the cooled butter that has been mixed with eggs, anise water, orange blossom water and orange rind. Mix well and turn out on a board floured with the remaining 1/2 cup flour. Dough will be soft, so keep hands floured and knead lightly. Pat into a greased bowl and set in a warm place for about 1 1/2 hours to rise.

Shape into a round loaf in a 9-inch diameter pan. Bake in a preheated 350 degrees F oven for about 30 minutes. Cool and frost with confectioners' sugar mixed with vanilla extract and only enough milk to make a glaze of frosting consistency. Glaze only the top. Sprinkle with pink sugar crystals.

Bread Bowls

2 1/2 cups warm water (105 to 115 degrees F)
2 packages active dry yeast
1 tablespoon salt
1 tablespoon granulated sugar
2 tablespoons oil
6 1/2 to 7 1/2 cups bread flour
1 egg, beaten
1 tablespoon milk

Measure warm water into large bowl. Sprinkle in yeast; stir until dissolved. Add salt, sugar, oil and 3 cups flour; beat until smooth. Add enough additional flour to make a stiff dough. Turn out onto lightly floured board; knead until smooth and elastic, about 10 to 12 minutes. Place dough in bowl that has been lightly coated with nonstick spray, turning to grease top. Cover; let rise in warm place until doubled, about 1 hour.

Grease outside of 12, 10 ounce custard cups or oven-proof bowls of similar size.

Punch dough down; divide into 12 pieces. Cover and let rest 10 minutes. Spread each piece into a circle about 6 inches in diameter. Place over outside of bowl, working dough with hands until it fits. Set bowls, dough side up, on baking sheet that has been coated with nonstick spray. Cover with plastic wrap; let rise in warm place until doubled, about 30 minutes.

Combine egg and milk; gently brush mixture on dough. Bake at 400 degrees F for 15 minutes until golden brown. Using potholders, carefully remove the bowls. Set bread bowls open side up on baking pan; bake 5 minutes.

Makes 12 servings.

For larger bowls, use oven-proof bowls that are approximately 6 inches in diameter. Divide dough into 6 portions. Frozen bread dough also can be used.

A 1 pound loaf will make 2 large or 4 small bowls.

Brioche

1/2 cup lukewarm milk
1 package dry yeast
1/2 cup butter, melted
2 eggs
1/4 cup granulated sugar
1/4 teaspoon salt
2 1/2 cups flour, divided
Melted butter

Place milk and yeast in mixing bowl. Let stand 5 minutes.

Stir well. Add butter, eggs, sugar, salt and 1 cup of the flour. Beat well. Add remaining flour to make a soft dough. Beat until smooth. Cover and let rise until doubled.

Punch down. Let rise again. Punch down. Knead lightly to form smooth ball. (If dough is a little hard to handle, refrigerate for several hours rather than adding more flour.) Reserve a piece of dough the size of an egg. Place remainder in a large well-greased mold. Make an indentation in the top of dough. Place the egg-size piece in the indentation. Let rise until double in size.

Baste top with melted butter. Sprinkle with extra sugar. Bake about 45 minutes at 375 degrees F or until browned. Re-heats well.

If dough seems sticky to the touch, add a little of the remaining flour; process with 1 or 2 on/off turns. Place ball of dough in a lightly greased bowl; turn once to grease surface. Cover. Let rise until double (45 to 60 minutes).

Punch dough down. Place dough in food processor bowl, add butter and egg. Process with 3 or 4 on/off turns. Mixture will not be completely blended and will look lumpy. Do not overmix. Turn into greased bread pan. Bake at 400 degrees F for 30 to 35 minutes or until done. Remove from pan and cool on wire rack.

Serves 10.

Coffee Can Bread

1 cup milk (heated to 110 degrees F)
1 package yeast
2 tablespoons granulated sugar
2 teaspoons salt
4 cups flour
1/4 cup vegetable oil
2 eggs

Dissolve yeast in milk. Put 2 cups flour in a bowl and blend in the yeast mixture. Mix in oil, eggs, sugar and salt. Add enough flour so that dough is not sticky. Knead until elastic, but light — about 10 minutes. Press into a greased one-pound coffee can. Put plastic lid on coffee can and let rise for 1 hour (or until lid pops off can). Bake, uncovered, at 375 degrees F for 20 to 25 minutes.

Let stand a few minutes, then unmold.

Cottage Cheese–Dill Bread

2 packages dry yeast
2 teaspoons granulated sugar
1/2 cup warm water (105 to 115 degrees F)
2 cups small–curd cottage cheese
2 eggs, beaten
2 tablespoons granulated sugar
2 tablespoons dried whole dill weed
2 tablespoons finely chopped onion
1 teaspoon baking powder
1 teaspoon salt
4 1/2 cups all–purpose flour
Butter or margarine, melted

Dissolve yeast and 2 teaspoons sugar in warm water; let stand 5 minutes. Combine cottage cheese and next 6 ingredients in a large mixing bowl; stir well. Gradually stir in enough flour to make a soft dough.

Turn dough out onto a well–floured surface, and knead 8 to 10 minutes or until smooth and elastic (dough will be sticky). Place in a well–greased bowl, turning to grease top. Cover and let rise in a warm place (85 degrees F) free from drafts, one hour or until doubled in bulk.

Punch dough down, and divide in half. Shape each portion into a loaf. Place in two well–greased 9 x 5–inch loaf pans. Cover and let rise in a warm place, free from drafts, 45 minutes or until doubled in bulk. Bake at 350 degrees F for 30 to 35 minutes or until loaves sound hollow when tapped.

Remove loaves from pans; brush with melted butter. Cool completely on wire racks.

Cream Cheese Bread

1/2 cup water
1/2 cup softened cream cheese
2 tablespoons melted butter
1 beaten egg
4 tablespoons granulated sugar
1 teaspoon salt
3 cups bread flour
1 1/2 teaspoons active dry yeast

Place the ingredients in the bread pan in the order recommended by your machine's manufacturer. Process on the Basic cycle, Light Crust setting.

Alternately, let dough to rise once in the machine, then form a loaf, place it in a nonstick sprayed 9 x 5-inch loaf pan. Let it rise to double.

Bake in a preheated 350 degree F oven for approximately 35 minutes.

This recipe yields a 1 1/2 pound loaf.

Crusty Home Style Bread Bowls

1 cup water
2 3/4 cups Gold Medal Better for Bread Flour
1 tablespoon granulated sugar
1 teaspoon salt
1 1/2 teaspoons Fleischmann's Bread Machine Yeast
1 egg yolk
1 tablespoon water

Measure carefully, placing all ingredients EXCEPT egg yolk and 1 tablespoon of water into the bread machine pan in the order recommended by the manufacturer. Select Dough/Manual cycle.

Grease the OUTSIDES of six 10-ounce Pyrex custard cups. Place the cups upside down on an ungreased cookie sheet. Divide the dough into 6 equal pieces. Pat or roll each piece into a 7-inch circle on a lightly floured surface. Shape the dough circles over the outsides of the prepared custard cups. Do not allow the dough to curl under the edges of the custard cups.

Cover and let rise in a warm place for 15–20 minutes or until slightly puffy.

Heat the oven to 375 degrees F. Mix the egg yolk and 1 tablespoon of water; brush gently over the bread bowls.

Bake for 18 – 22 minutes, or until the bread bowls are golden brown.

Carefully lift the bread bowls off the custard cups. Be VERY careful – both the bread and the custard cups will be very hot. Cool the bread bowls upright on a wire rack. Fill with beef stew, chicken a la king, chili or other thick soup or stew.

Serving size: 6

Dark Pumpernickel Bread

Dough

4 packages active dry yeast
3/4 cup blackstrap molasses
1 1/2 tablespoons dry powdered coffee
1 1/2 tablespoons dry cocoa
3 tablespoons granulated sugar
5 tablespoons brown sugar
3/4 cup dry powdered milk
2 cups hot water
1/2 cup canola or peanut oil

Mix all above ingredients thoroughly in a mixing bowl, then add:

1 1/2 cups dark rye flour
1 1/2 cups whole wheat flour
1 1/2 cups cracked wheat flour
1 cup wheat germ
1 1/4 cups buckwheat flour
1 1/4 cups gluten flour
2 1/2 tablespoons caraway seed

Mix thoroughly in a large mixing bowl. Place dough ball on kneading board with 1 cup white unbleached flour and knead vigorously 12 to 15 minutes, adding more white flour as necessary. If using an electric mixer with dough hook, knead while adding white flour little by little. Dough will be slightly sticky and moist, but will begin to take on an elasticity and glossy appearance. Oil mixing bowl and roll dough in bowl until all of surface is coated with a thin cover of oil. Cover with a warm damp towel and place in a warm draft-free place for 1st rise, which may take from 1 1/2 to 2 hours as this dough is a slow riser.

When dough has doubled in size, remove to floured kneading board and punch down to remove as much gas as possible. Divide dough into 3 to 6 loaves and place on greased baking sheet sprinkled with yellow cornmeal. If using Teflon baking sheets, no greasing is necessary, but cornmeal should be used. Space loaves far enough apart to allow for expansion. Brush each loaf with glaze.

Glaze

1 egg white
2 teaspoons water
1/2 teaspoon instant coffee

Mix well. Use a soft pastry brush to apply glaze so as not to depress loaves. Sprinkle with caraway seed and coarse salt. Place again in draft-free warm place and allow for 2nd rise until loaves are about double in size, which will take about 1/2 the time of the 1st rise. Bake in a moderate oven (350 to 375 degrees F) for about 50 minutes to one hour. If loaves seem close to scorching after 50 minutes, but loaves are not done, turn off oven, leaving door closed for last 10 minutes. To test for doneness, pick up a loaf with a hot-pot mitten and thump bottom. If the sound is "hollow," the loaves are done.

Cool on a wire rack or eat warm. May be frozen and kept for several months or more.

Dilly Casserole Bread

1 package dry yeast
1/4 cup warm water
1 cup creamed cottage cheese
1 tablespoon instant minced onion
2 tablespoons granulated sugar
1 tablespoon butter
2 teaspoons dill seed
2 1/4 to 2 1/2 cups flour
1 teaspoon salt
1/4 teaspoon baking soda
1 egg

Sprinkle dry yeast over warm (110 degrees F) water. Heat cottage cheese to lukewarm in saucepan; add sugar, onion, butter, dill, salt, baking soda, egg and yeast mixture. Add flour to form a stiff dough, beating well after each addition. Cover; let rise in a warm place, 85 to 90 degrees F, until double, 50 to 60 minutes.

Stir dough down. Turn into a well-greased 1 1/2-quart round-bottom casserole. Let rise in a warm place until light, about 30 to 40 minutes.

Bake until golden brown, 40 to 45 minutes. Brush with butter; sprinkle with Kosher salt.

Easy Rosemary Focaccia

1 (16 ounce) ball pizza dough
3 tablespoons extra virgin olive oil
1/2 cup grated extra sharp white Cheddar or mozzarella cheese
2 tablespoons fresh rosemary
1 teaspoon coarse salt

Preheat oven to 400 degrees F.

Lightly flour a work surface. Roll the pizza dough to about 1/2 inch thick. Place the dough on a baking sheet. Brush liberally with olive oil. Scatter the grated Cheddar, rosemary and salt on top. Puncture the dough with a fork to keep it from bubbling. Place it in the oven for 20 to 25 minutes, until golden. Cut into serving pieces.

Serve warm or at room temperature.

Eggnog Bread

2 tablespoons granulated sugar
1 package active dry yeast
2 1/2 cups all-purpose flour
2 tablespoons butter
1 teaspoon salt
1/4 teaspoon nutmeg
3/4 cup eggnog (at room temperature)

Place ingredients in the pan according to your manufacturer's directions. Use a light crust setting.

This recipe yields 1 loaf (1 1/2 pound).

English Muffin Bread

5 cups all-purpose flour, unsifted
1 1/2 teaspoons active dry yeast
1 1/2 teaspoons salt
1 tablespoon granulated sugar
1 1/2 tablespoons vegetable oil
2 cups very warm water
Butter and corn meal for pans

In a large bowl mix dry ingredients and corn oil. Pour in 2 cups water and mix thoroughly. Cover the bowl with plastic wrap and a towel. Let stand at room temperature overnight or at least 6 hours. The dough will more than double and then may fall again somewhat, which is normal.

Generously butter 2 (7 1/2 x 3 1/2-inch) bread pans and sprinkle with corn meal. Divide dough, without kneading, into 2 portions and place in pans. Preheat oven to 350 degrees F. Cover and let rise for 1 1/2 to 2 hours or until double in bulk.

Bake for 1 hour, then cool on rack in pans.

Fiesta Focaccia

2 loaves frozen bread dough, thawed
1 tablespoon olive oil
1 teaspoon ground cumin
1/2 teaspoon red pepper flakes
1/2 teaspoon Mexican oregano
1 large tomatoes, diced and drained or
1 cup canned tomatoes, drained
1/2 yellow or green bell pepper, thinly sliced
1/2 red onion, thinly sliced
1/2 to 1 cup ripe olives, pitted and drained
2 tablespoons chopped canned jalapeños

Let dough completely thaw (to thaw in microwave, cook at 30% power for 3 to 4 minutes, based on a 900 watt microwave).

Combine both loaves of dough together. Grease a 17 x 11–inch baking sheet. Roll out thawed dough on a lightly floured surface to a 17 x 11–inch rectangle. If dough shrinks back after rolling, let rest 5 minutes, then continue rolling. Place dough in pan, pressing dough to corners. Brush dough with olive oil, evenly top with spices, sprinkle with tomato, bell peppers, onion, olives and chiles. Let dough rise until puffy (30 minutes in a warm area).

Bake in a preheated 375 degree F oven for 12 to 15 minutes or until light golden brown.

Remove from the oven and pan to cool on a wire rack.

Flower Pot Herb Loaves

1 pound all-purpose flour

Melt butter and mix with eggs, salt, nutmeg, dill and rosemary. Add onion. Mix everything with the flour and yeast liquid and knead well, until smooth and elastic. Cover and leave to stand until doubled in size.

Knead again lightly and put half the dough in each flower pot. Let rise for 20 minutes or so.

Preheat oven to 400 degrees F. Brush surface of dough with water and sprinkle lightly with aniseed or fennel, if desired. Bake for 35 to 40 minutes.

Flower Pot Walnut Bread

Pour water into a bowl and add yeast and a pinch of sugar. Let stand for a few minutes. Add remaining sugar, salt, butter and flour as needed. Knead well. Put into an oiled bowl, cover and let rise for about 2 hours.

Knead the dough again, adding walnuts. Grease the flower pots. Divide dough into 4 equal parts, roll each into a ball and place them in flower pots. Let rise for about 30 minutes.

Preheat oven to 450 degrees F.

Make a cut across the surface of the dough. Whisk the egg lightly and brush the dough. Bake for about 40 minutes.

Foccacia

1 package dry yeast
1 cup warm water
2 teaspoons granulated sugar
3/4 teaspoon salt
1/4 cup olive oil
2 2/3 to 3 cups flour
4 garlic cloves, minced
1/4 cup Parmesan cheese
Fresh or dried rosemary leaves

Dissolve yeast in water. Let stand until bubbly. Stir in sugar, salt and olive oil. Add 2 cups flour and beat until elastic. Stir in 2/3 cup more flour. Knead for 10 to 15 minutes. Put into a greased bowl. Turn over to coat well. Cover and let rise for 1 hour. Heat 1/4 cup oil. Add garlic and cook until soft and yellow. Set aside.

Punch dough down and knead briefly. Roll with a rolling pin and stretch to fit a greased 15 x 10–inch cookie sheet (with sides). Pierce dough with the end of a wooden spoon at 1–inch intervals. Drizzle garlic and oil all over. Sprinkle with Parmesan cheese and rosemary. Let rise, covered, for 10 to 15 minutes. Bake at 400 degrees F for 15 to 18 minutes.

Alternate Toppings

Rosemary: Just before baking, dimple the top of the dough and drizzle with 1 1/2 tablespoons olive oil, sprinkle on 1 teaspoon sea salt or kosher salt and a sprinkling of fresh or dried rosemary leaves

Provençale: After the dough is stretched into the pan, stir together 1 can plum tomatoes (drained and chopped) and 1 tablespoon chopped fresh basil. Spread the mixture over the dough. Cover with a towel and let rise until puffy, about 45 minutes.

Dimple the dough again and top with 2 thinly sliced garlic cloves, 1 can sliced black olives, 4 teaspoons dried oregano, 2 tablespoons olive oil and 1 teaspoon sea salt or kosher salt.

Foolproof French Bread

1 package dry yeast
2 cups lukewarm water
4 cups all-purpose flour
1 tablespoon salt
2 tablespoons granulated sugar

In large bowl, mix flour, salt and sugar together.

In small bowl, dissolve yeast in water. Pour yeast mixture over other ingredients. Stir and mix. Cover bowl with plastic wrap and let rise 4 hours.

Punch down, but do not knead. Place in greased soufflé dish. Cover and let rise 1 hour. Bake at 400 degrees F for 1 hour. Bread may need to be covered during the last 15 minutes if it browns too quickly. If you do not want a hard crust, brush loaf with butter after removing from oven.

French Bread

2 packages dry yeast
2 tablespoons granulated sugar
1 1/2 tablespoons salt
2 cups warm water
6 to 7 cups all-purpose flour
2 tablespoons olive oil

Put yeast and sugar in 1/2 cup very warm water and stir to dissolve and allow to "proof."

Meanwhile, measure salt and 2 cups of flour into mixing bowl. After yeast has "proofed," add enough very warm water to bring level to 2 cups. Add to flour and salt and mix with a spoon. As dough begins to form, add 2 more cups flour and 2 tablespoons oil. Using dough hook on electric mixer (or mix by hand), add 1 or 1 1/2 cups more flour, mixing by machine or by hand to get a stiff but pliable dough. Knead vigorously 10 minutes, finishing by kneading by hand on floured board, working up to 1/2 to 1 more cups flour into dough until it is smooth and elastic. Scrape out mixing bowl, wash and dry, and coat inside of bowl with oil or liquid margarine. Turn dough around in bowl several times to coat entire surface with oil or margarine. Cover with towel dampened in warm water, and place in draft-free place to rise until double in bulk, about 1 to 1 1/2 hours.

Return dough to lightly floured board and punch down to remove as much trapped air and gas as possible. This should not take more than a minute or so. Using a knife, cut dough into 4 equal pieces. Shape each into an elongated loaf about 15 inches long and 1 inch wide, rolling back and forth to smooth out the loaf. Place loaves on a lightly greased cornmeal-dusted baking sheet. Using a very sharp knife or razor blade, make slashes in loaves diagonally about 4 inches apart. Place baking sheets in cold oven and allow to rise again until doubled or more in size, about 30 to 45 minutes.

Turn on oven to 400 degrees F, but do not remove bread from oven. After 5 minutes brush bread with mixture of egg white mixed with 2 tablespoons water and, while damp, sprinkle with sesame seeds and coarse or kosher salt. Turn heat to 350 degrees F and continue baking 40 minutes. Test loaves by tapping on bottom . If sound is hollow, bread is done.

Remove from oven and place on racks to cool. Loaves may be frozen if well wrapped when completely cool.

French Onion Bread

1 package active dry yeast or 1 cake compressed yeast
1/4 cup warm water
1 envelope onion soup mix
2 cups water
2 tablespoons granulated sugar
1 teaspoon salt
2 tablespoons grated Parmesan cheese
2 tablespoons shortening or vegetable oil
6 to 6 1/2 cups sifted enriched flour
Cornmeal

Combine soup mix and the 2 cups water; simmer covered 10 minutes.

Add sugar, salt cheese and shortening. Stir. Cool to lukewarm.

Stir in 2 cups of the flour and beat well. Stir in yeast. Add enough of the remaining flour to make a moderately stiff dough. Turn out on lightly floured surface. Cover and let rest 10 minutes.

Knead until smooth and elastic (8 to 10 minutes).

Place in a lightly greased bowl, turning once to grease surface. Cover and let double in warm place (1 1/4 to 1 1/2 hours).

Punch down; divide in half. Cover and let rest ten minutes.

Shape into 2 long loaves, tapering ends. Place on greased baking sheet sprinkled with cornmeal. Slash tops diagonally, 1/8 to 1/4 inch deep. Cover and let almost double (about 1 hour).

Bake at 375 degrees F for 20 minutes.

Brush with mixture of one egg white and one tablespoon water. Bake 10 to 12 minutes longer or until done.

Fried Bread

1 1/4 cups scalded milk
3 tablespoons shortening
1/2 cup granulated sugar
1 teaspoon salt
2 eggs
1 or 2 packages yeast
3/4 cup lukewarm water
About 4 cups flour

Dissolve shortening in milk; add sugar and salt. Let cool. Dissolve yeast in water. Beat eggs and add milk-sugar mixture; stir. Pour yeast into mixture, add flour and knead. Cover. When raised, knead again. When ready to fry, pull off pieces, shape in flat, oblong pieces and fry in hot shortening until brown. Serve with pinto beans or honey and butter.

2 envelopes active dry yeast
1/4 cup cocoa powder
1 tablespoon caraway seed
2 cups water
1/3 cup molasses
2 tablespoons butter or margarine

Beat at low speed with electric mixer for 1/2 minute, scraping sides of bowl constantly. Beat 3 minutes at high speed. By hand, stir in enough rye flour to make a soft dough. Turn onto floured surface. Knead until smooth, about 5 minutes. Cover. Let sit 20 minutes.

Punch down and divide dough in half. Shape each half into a round loaf. Place in greased 8-inch pie plates. Brush surface of loaves with a little cooking oil. Slash tops of loaves with sharp knife. Let rise until double, 45 to 60 minutes.

Bake in a 400 degree F oven for 25 to 30 minutes. Remove from pans to wire racks to cool.

A rich, lightly sweetened egg and milk yeast dough, rolled out and covered with herbs and garlic, and folded over into an irregular half-moon shape, this primitive bread is **PURE HEAVEN!**

Holiday Sweet Bread

4 1/2 teaspoons or 2 packets active dry yeast
1/2 cup warm water (95 degrees F)
1 teaspoon granulated sugar
1/2 cup King Arthur Unbleached All-Purpose Flour
1 cup milk, scalded
1/4 cup butter
1 teaspoon salt
1/2 cup granulated sugar
2 teaspoons vanilla extract
2 eggs, lightly beaten
4 1/2 to 5 1/2 cups King Arthur Unbleached All-Purpose Flour
Egg wash: 1 egg yolk, beaten with 1 tablespoon water
Confectioners' sugar icing, optional

In a small bowl or 2-cup measure combine the yeast, warm water, 1 teaspoon sugar and 1/2 cup flour. Cover with plastic wrap and a clean towel and set aside until bubbly and very active, about 10 to 15 minutes. Meanwhile, scald the milk. Pour immediately into a large bowl and add the butter, salt, sugar, vanilla and beaten eggs. Stir to melt the butter. When the mixture is lukewarm, add the yeast mixture and mix together. Add flour, one cup at a time, until the dough comes cleanly away from the sides of the bowl. Turn the dough out onto a lightly floured surface and scrape out the bowl. Lightly oil the bowl and set aside. Knead the dough, using only enough flour to keep the dough from sticking to your hands and the board. The dough should be soft and pliable, but not sticky. (The secret to a soft, tender bread is a soft dough.) Place the dough into the oiled bowl, turn to oil all surfaces and cover with plastic wrap and a clean towel. Let sit in a warm place for about 45 minutes, or until doubled.

Preheat oven to 375 degrees F. Punch down and round into a ball. Divide in half, cover with plastic wrap and let rest 10 to 15 minutes. Form into desired shapes, such as the Swedish Almond Braid, Poppy Stollen or Six-Stranded Braid.

Swedish Almond Braid

Lightly fold down dough. Divide dough in 3 pieces. Put plastic wrap over the top and set aside. Take one piece and roll it out into a rectangle approximately 16-inches x 9-inches to form

Swedish Almond Braid

Spread almond filling down center section, leaving 1 inch of clear space at either end. Cut 1-inch-wide strips from edge of filling to outer edge of dough. Fold ends over, and bring dough strips across the filling on a diagonal, alternating from side to side, like a two-stranded braid. Cover dough with plastic wrap and a clean towel, and let rise in a warm place until doubled in bulk. Preheat oven to 375 degrees F. Brush tops of loaves with the egg wash. Bake loaves 25 to 35 minutes, or until a rich, golden brown. Cool on wire racks. To decorate: Drizzle with thick Confectioners' Sugar Glaze (below), and top with sliced almonds.

Confectioners' Sugar Glaze: Mix 1 cup confectioners' sugar with 2 tablespoons liquid (water, milk, a few drops of flavor extract, rum, brandy, grated lemon or orange peel, etc.) If you drizzle glaze on right after pastries come out of the oven, it will spread and create a clear, shiny glaze over the whole surface. For more crunch, sprinkle nuts over this before it hardens.

Poppy Stollen

You will need some Poppy Seed Filling. Roll dough into a rough rectangle approximately 12–inches x 16–inches. Spread each with poppy–seed filling, leaving 1 inch of clear space on all sides. Starting at a long side, roll up jellyroll style. Pinch ends and tuck under. Starting 1 inch from an end, slice down and completely through the rolled dough lengthwise. Turn the two resulting strands so that the filling faces up, and cross them over each other two to three times. Cover with plastic wrap and a clean towel, and let rise in a warm place until doubled in bulk. Preheat oven to 375 degrees F. Brush tops of loaves with an egg beaten with 1 tablespoon of water. Bake loaves for 30 to 40 minutes, or until a rich, golden brown. Cool on wire racks.

Six–Stranded Braid

Take 1/3 of dough and divide it in 6 pieces. Roll out each piece until it becomes a "rope". Preheat oven to 375 degrees F. Place on a greased baking sheet, cover with plastic wrap and a clean towel and let rise in a warm place for 30 minutes, or until doubled. Brush the top of the braid with the egg wash. Bake at 375 degrees F for 25 to 30 minutes, or until done. Remove from pan and cool on wire racks.

Sweet Bread Poppy Seed Filling

2 cans poppy seed filling
1 egg, beaten
1 teaspoon cinnamon
2/3 cup walnuts, chopped
2/3 cup candied lemon peel

Combine poppy seed filling, egg, cinnamon and walnuts in a saucepan over medium heat. Stir constantly to prevent sticking. Heat until mixture is thickened. Remove from heat. Add candied peel and set aside to cool.

Sweet Bread Cranberry Filling

1 bag fresh cranberries (12 ounces or 3 3/4 cup)
1/2 cup water (or orange or other juice)
1 1/2 to 2 cups brown sugar, depending on
 how tart you like your cranberries
1/2 teaspoon cinnamon

Pick over the cranberries and put them in a medium–size saucepan. Add the other ingredients, bring to a boil, turn down to a simmer and cook until the cranberries have all popped and released their tiny, crunchy seeds (you may have to help some of them). Let cool to room temperature without covering. If you give it an occasional stir, that will speed up the process.

Sweet Bread Almond Filling

4 egg whites
1 1/4 pounds ground almonds
1 3/4 cups granulated sugar
2 tablespoons King Arthur Unbleached All–Purpose Flour
2 tablespoons butter, melted
Few drops vanilla extract
2 tablespoons milk

Beat egg whites until thick. Slowly add the rest of the filling ingredients except the milk. Add only enough milk to adjust the consistency. Chill in the refrigerator as the dough is being made. This recipe makes enough filling for at least four braids.

Sweet Bread Apricot Filling

2 cups boiling water

2 boxes (16 ounces) dried apricots

2/3 cup granulated sugar

2 teaspoons vanilla extract

Pour the boiling water over the apricots and cover with plastic wrap so that they can steam. When the apricots have softened, drain them. You can reserve the flavored sugar, and extract in a food processor and pulse until you have a thick purée.

Yield: Filling for two loaves.

Homemade Bread

1 package dry yeast
1/2 cup warm water
1/2 cup shortening
1/2 cup granulated sugar
1 egg
3 teaspoons salt
8 cups flour
1 1/2 cups water

Dissolve yeast in warm water. Cream shortening and sugar; combine with yeast. Add egg. Mix salt and flour together. Add flour mixture and water alternately to yeast mixture until the dough is not sticky. Cover with towel, put in warm place and let rise until doubled (3 to 4 hours).

Punch down and knead; then form dough into small loaves on floured board. Place in buttered loaf pans. Let rise again until doubled. Bake at 350 degrees F until brown (20 to 30 minutes). Brush with melted butter. Makes 5 small or 3 medium loaves.

Honey Whole Wheat Bread

1 package dry yeast
1/4 cup lukewarm water
1 1/4 cups hot water
1/4 cup honey
2 tablespoons shortening
1 1/2 teaspoons salt
2 1/2 cups whole wheat flour, divided
2 cups sifted flour, divided

Sprinkle yeast over lukewarm water to soften. In a large bowl, combine hot water with honey, shortening and salt. Stir mixture until honey and shortening are melted. Let cool to lukewarm. Add yeast; sift in 1 1/2 cups of the whole wheat flour and 1 cup of the sifted white flour, and beat mixture until well combined. Add 1 cup each of white flour and whole wheat flour or enough to make a moderately stiff dough. Turn dough out onto a well-floured board and knead for about 10 minutes or until very smooth and elastic.

Transfer dough to a well-greased bowl, turn once, and let stand, covered, in a warm place away from drafts for about 1 1/2 hours, or until doubled in bulk.

Punch dough down, turn out onto a floured board, and form into a ball. Let dough stand covered for 10 minutes.

Shape dough into a loaf and put into a well-greased loaf pan. Let dough stand, covered, until doubled in bulk (about 45 minutes). Bake loaf at 375 degrees F for 40 to 45 minutes, or until golden brown and sounds hollow when tapped.

Turn loaf out onto a wire rack and let it cool. Makes 1 loaf.

Italian Bread Sticks

2 cups sifted flour
1 teaspoon dry yeast dissolved in 3 tablespoons warm water
3 tablespoons melted butter
1 teaspoon granulated sugar
1 teaspoon salt
1/4 cup lukewarm milk
Sesame seeds

Place 1 cup flour in mixing bowl. Blend in yeast mixture. Knead until smooth. Put in floured bowl and cover with damp cloth. Leave in a warm place until double in bulk.

Mix remaining ingredients into a smooth paste. Place on floured board and add risen dough; knead until smooth and satiny. Put dough into a large floured bowl, cover and let rise to double in bulk. Turn and knead until it doesn't stick to un-floured board.

Divide into 14 parts. Shape each by rolling between hands into a rope six to seven inches long. Place on buttered baking sheet one inch apart. Brush with milk and sprinkle with sesame seeds. Bake at 425 degrees F for 6 to 7 minutes.

Italian Easter Bread

1 package dry yeast
1/4 cup warm water (105 to 110 degrees F)
3/4 cup butter, softened
3/4 cup granulated sugar
1/3 cup milk
1/2 teaspoon salt
1 tablespoon grated orange rind
1 tablespoon crushed aniseed
4 eggs
1 egg yolk
About 4 3/4 cups flour
1 cup raisins

Blend yeast with warm water and allow 5 minutes for it to dissolve. Add butter, sugar, milk, salt, orange rind, aniseed, eggs and egg yolk. Add 2 cups of the flour and beat at medium speed of electric mixer for 10 minutes. Add 1 cup flour at low speed. Add 1 3/4 cups flour, stirring until well blended. Cover bowl tightly with plastic wrap and let rise 1 1/2 to 2 hours.

Punch dough down, turn out onto floured surface and knead 10 minutes. Gently knead in raisins. Divide dough into 2 balls. Form two (9 inch) flattened rounds on a greased baking sheet. Cover lightly with greased plastic wrap and allow to rise until "puffy" (40 to 45 minutes). Make topping.

Topping

1/2 cup granulated sugar
1/4 cup flour
1/4 cup butter, softened
1/3 cup almond paste
1 egg white beaten with 1 tablespoon water
3/4 to 1 cup sliced almonds
Confectioners' sugar

Blend sugar, flour, butter and almond paste with electric mixer until mixture resembles coarse crumbs. Brush top of rounds with egg white and water mixture. Place topping over loaves; then sprinkle with almonds. Press lightly. Bake in preheated 350 degree F oven about 30 minutes. Serve warm dusted with confectioners' sugar.

Italian Herb Focaccia with Three Cheese and Caramelized Onions

2 cups water, at 70 degrees F
2 teaspoons RapidRise yeast
4 to 4 1/2 cups bread or all-purpose flour
1 tablespoon sea salt
1/4 cup olive oil, plus additional for coating dough

Place water and dry yeast in a 5-quart Kitchen Aid mixer bowl. Let sit 5 minutes.

Scoop in bread flour, and add salt and 1/4 cup olive oil. Mix 6–7 minutes. Dough will be sticky but manageable. Cover dough well with olive oil and a damp cloth.

When the dough has risen, take it out of the bowl and place on a 15-inch-by-10-inch baking sheet that has been coated with olive oil. Push the dough outward with your hands. Let the dough rest and repeat until the dough totally covers the baking sheet and doesn't spring back.

Let the dough rest on the baking sheet until it reaches double its size. While waiting, gather the following ingredients:

2 onions, sliced and caramelized (see note)
3/4 cup shredded Asiago cheese
3/4 cup shredded sharp Cheddar cheese
3/4 cup shredded Gruyère cheese
2 tablespoons Italian herb seasoning

When dough has doubled in size, use your fingertips to dimple the dough. Spread caramelized onions, cheeses and herb seasoning on top of dough, and push into the dough. Let the dough rise again until it comes up and over all the ingredients on top. Brush olive oil on top, and bake in a 375 degree F oven for 20 to 25 minutes or until golden brown. Let cool. Slice and serve.

NOTE: To caramelize onions, heat 2 tablespoons olive oil in a medium sauté pan over medium heat. Add onions and cook, stirring until onions are translucent. Sprinkle onions with 1 tablespoon sugar, salt and pepper to taste. Continue to cook until onions are very soft and well caramelized.

Jalapeño Bagels

1 3/4 cups lukewarm water
1/2 teaspoon dry yeast
2 teaspoons salt
1 1/2 tablespoons granulated sugar
5 to 6 cups flour
1/3 cup jalapeños, chopped
1/4 cup dried red peppers

Mix water, yeast, salt and sugar. Add flour and jalapeños and mix into a ball. Knead for 10 to 12 minutes, adding more flour if necessary, until dough is stiff. Add red peppers and knead for 3 minutes. Let dough rest 10 minutes, then cut into 12 pieces with a knife.

Roll each piece of dough on a table to form long cigar-like shapes. Then, for each of the twelve pieces, connect the two ends by overlapping them about 3/4 of an inch and rolling the ends together to make a ring shape. Make sure each joint is secure or it will come apart while boiling.

Cover with a damp towel and let rise 1 to 1 1/2 hours in a warm spot. In a large pot, bring 1 to 2 gallons of water to a rolling boil. Place bagels in boiling water and boil until they float (15 to 30 seconds). Remove with a slotted spoon and place on a lightly greased cookie sheet. Bake at 400 degrees F for 10 to 15 minutes or until golden brown.

Jalapeño Bread

2 envelopes active dry yeast
1 teaspoon granulated sugar
1/2 cup warm water, (110°F)
8 3/4 cups all-purpose flour
3 cups shredded extra-sharp Cheddar cheese
1/4 cup minced jalapeno peppers
1 tablespoon salt
2 teaspoons Tabasco pepper sauce
2 cups milk
4 large eggs

In a small bowl stir yeast, sugar, and warm water. Let stand 5 minutes until foamy.

Meanwhile, in a large bowl combine 8 cups flour, Cheddar cheese, jalapeno pepper, salt and Tabasco pepper sauce.

In a small saucepan over low heat, heat the milk until warm (120 to 130 degrees F). Stir milk into flour mixture.

In a medium bowl lightly beat eggs. Set aside 1 tablespoon beaten egg to brush on dough later. Add remaining eggs to flour mixture; stir until the mixture makes a soft dough.

On a lightly floured surface, knead the dough 5 minutes or until smooth and elastic, kneading in the remaining 3/4 cup flour.

Shape the dough into a ball and place in a large, greased bowl, turning dough over to grease the top. Cover with a towel and let rise in a warm place until doubled, about 1 1/2 hours.

Grease two large cookie sheets. Punch down dough and divide it in half. Shape each half of dough into a ball and place the balls on the cookie sheets. Cover with a towel and let rise in a warm place until doubled, about 1 1/2 hours.

Preheat the oven to 375°F. Brush the loaves with the reserved beaten egg. Bake loaves about 45 minutes or until loaves sound hollow when lightly tapped. Remove to wire racks to cool.

Jamaican Cherry Ginger Bread

1 cup milk
3 tablespoons butter
2 1/2 teaspoons active dry yeast
1/4 cup firmly packed brown sugar
1/4 cup lime juice
1 teaspoon salt
3 1/4 cups bread flour, divided
2/3 cup toasted coconut
1/2 cup dried tart cherries
1 tablespoon grated lime peel
2 teaspoons minced fresh ginger (or 3/4 teaspoon ground ginger)

Put milk and butter in a medium saucepan; heat until warm (105 to 115 degrees F). Pour milk mixture into a large mixing bowl. Add yeast; stir until dissolved. Add brown sugar, lime juice and salt; mix well. Add 2 cups bread flour. Beat on low speed with an electric mixer until flour is moistened; beat 3 minutes at medium speed. Stir in remaining 1 1/4 cups bread flour, coconut, dried cherries, lime peel and ginger; mix until dough pulls cleanly away from sides of bowl.

Knead dough on a lightly floured surface until smooth and elastic, adding more bread flour, if needed. Place dough in a greased mixing bowl; cover loosely with plastic wrap and a cloth. Let rise in a warm place (80 to 85 degrees F) about 1 hour, or until double in size.

Punch down dough several times to remove all air bubbles. Let rest 15 minutes. Shape into a loaf. Place in a greased 8 1/2 x 4 1/2-inch loaf pan. Cover; let rise in a warm place 45 to 60 minutes, or until double in size.

Bake in a preheated 350 degree F oven 40 to 50 minutes, or until golden and loaf sounds hollow when lightly tapped. Remove from pan immediately. Let cool on a wire rack. Serve warm or at room temperature.

Makes 1 loaf, about 16 slices.

To toast coconut: Spread coconut in an ungreased pan. Bake in a preheated 350 degree F oven 5 to 7 minutes, stirring occasionally, or until golden brown.

King's Hawaiian Bread

6 cups flour, divided
3 eggs
1 cup pineapple juice
1 cup water
3/4 cup granulated sugar
1/2 teaspoon ginger

Sprinkle in yeast, 1 package at a time, mixing well. Gradually add remaining 3 cups of flour. Batter will be hard to mix with spoon. You may have to use your hands. Make sure it is mixed well. Leave batter in bowl and cover with cloth and place in warm place. Let rise for 1 hour.

Remove from bowl and knead in the 1/2 cup flour. Knead about 10 times. Divide into 3 equal parts and place in well-greased round cake pans. Cover and place in warm place and let rise again, for 1 hour.

Bake at 350 degrees F for 25 to 30 minutes.

2 cups water

1 cup canned pumpkin puree (not pie mix)

1/3 cup honey or brown rice syrup

2 tablespoons olive oil

2 tablespoons flax seeds (ground preferred)

1/2 cup uncooked millet

1 tablespoon salt

6 1/2 cups whole wheat flour, divided use

4 teaspoons bread machine yeast

1/2 cup soy flour

4 tablespoons gluten, wheat (also known as "vital gluten", available in large supermarkets on the baking aisles, or in health food stores)

1/2 cup roasted sunflower seeds

1/2 cup roasted pumpkin seeds

1. In the mixing bowl of a duty electric mixer, combine the water, pumpkin, honey or brown rice syrup, olive oil, ground flax seeds, millet, salt, 2 CUPS of the whole wheat flour, bread machine yeast, soy flour, wheat gluten, and sunflower and pumpkin seeds. Using a dough hook attachment, beat the mixture on medium–high speed for about 2 minutes to begin developing gluten. Stop the mixer and add 2 more cups of the flour; with mixer on low speed, gradually mix in 2 more cups of the flour. Continue kneading the dough in the mixer for about 5 minutes; adding as much of the remaining flour as is necessary for dough to cling together in a ball and leave the sides of the mixing bowl clean.

2. Lift the dough out of the bowl momentarily, brush the inside of the mixing bowl with olive oil or spray with no–stick cooking spray. Return the dough to the bowl; turn to coat all sides lightly with oil. Cover the top of the bowl with plastic wrap. Set the bowl in a warm place; allow to stand for about 1 to 1 1/2 hours or until the dough is doubled in bulk. Punch down.

3. Spray a large baking sheet with no–stick cooking spray; set aside. Divide the dough into two equal pieces, about 2 1/4 pounds each. On a lightly floured work surface, shape each half into an oval loaf. Carefully transfer the loaves to the prepared pan, allowing several inches between them to allow for rising. Using a sharp, serrated knife, cut 3 shallow slashes diagonally (going about 1/4–inch deep) at equal intervals, across the top of the loaves. Cover the loaves with a clean, lightweight towel; allow to rise for about 45 minutes, or until the loaves have approximately doubled in bulk. When nearly ready to bake, preheat the oven to 350 degrees F.

4. Bake the loaves in the preheated 350 degree F oven for about 40 minutes or until they are nicely browned and sound "hollow" when tapped. (If necessary, cover lightly with foil during the last few minutes of baking time to prevent overbrowning). Remove from the oven. Brush the loaves lightly with olive or flax seed oil. Remove to a wire rack. Cover loosely with the clean, lightweight towel until the loaves have cooled completely. Store in airtight bags or container. Bread will stay flavorful and moist for several days. Extra delicious toasted!

Milwaukee Rye Bread

1 1/2 packages active dry yeast
2 cups hot potato water
1 tablespoon salt
4 cups rye flour
2 cups wheat flour
1 cup riced potatoes, solidly packed
1 teaspoon caraway seed

Dissolve yeast in 1/4 cup of the warm liquid. Add remaining liquid. Stir in remaining ingredients. Knead until smooth and elastic. Let rise in warm place until doubled. Form into loaves. Place in loaf pans. Let rise.

When doubled in bulk, brush top with water; bake at 375 degrees F for 1 hour or longer.

Makes 2 loaves.

Miracle Bread

Part 1

1/2 cup lukewarm water
2 packages dry yeast
1 tablespoon granulated sugar

Mix together until dissolved.

Part 2

2 cups boiling water
2 tablespoons shortening
2 tablespoons granulated sugar
2 teaspoons salt

Mix and cool to lukewarm temperature.

Mix Parts 1 and 2 together, then add about 6 1/4 cups flour; blend well. Turn dough upside down every 10 minutes for approximately 4 or 5 times to avoid getting a crust on the dough. Divide dough in half and roll as you would pie dough. Roll back up into a jellyroll. Make several diagonal cuts across top. Put in bread pan and let rise until double, about 1 hour.

Just before baking, spread a mixture of 1 egg plus 2 tablespoons milk on top. Sprinkle with sesame seeds, poppy seeds, etc. For a hard crust, use water with the egg instead of the milk. Bake at 425 degrees F for 15 to 25 minutes.

Makes 2 loaves or 3 long Italian loaves.

Rye Bread

Add 1 tablespoon caraway seed, 2 1/2 cups rye flour and 4 cups white flour instead of 6 1/4 cups white flour.

Wheat Germ

Add 1/4 cup wheat germ to each 3/4 cup flour.

Raisin Bread

Add 1/4 cup raisins per white loaf

Rolls

For rolls, use a little less flour, making a softer dough.

Cinnamon Rolls

Roll out dough, spread with butter. Sprinkle with cinnamon and brown sugar. Roll and cut into slices. Put butter and brown sugar in bottom of pan. Lay in slices and let double.

No Fail Yeast Bread

5 cups warm water
1/4 cup oil
1 1/2 tablespoon salt
1 cup honey or 3/4 cup sugar
3 tablespoon yeast
3 tablespoon dough enhancer, (optional)
11 1/4 cups flour

This recipe is easiest if a large mixer is used. If a mixer is unavailable, dough may be kneaded by hand.

Combine water, oil, salt, sugar (or honey) and dough enhancer. Add yeast, mix. Stir in enough flour to make a soft dough. Knead for 8 – 10 minutes. Flour hands and remove from mixer.

Divide into 4 parts. Shape each part into a loaf and place into greased loaf pans. Cover and allow to rise until dough is 1 inch above pan. Preheat oven to 350 degrees. Bake 30 min.

NOTE: A nice variation is to make sweet rolls. Take 1 or 2 of the pieces of bread dough divided to make a loaf. Roll each portion of dough out into a 14 x 8 inch rectangle on a lightly floured surface. Brush with 1–2 tablespoons softened butter, then sprinkle with cinnamon and sugar. Roll up dough. Cut into 1 inch slices and place on greased baking pan. Allow to rise until double in bulk. Bake as above.

No-Knead Bread

5 cups biscuit mix
4 tablespoons granulated sugar
1/2 teaspoon salt
2 packages dry yeast
2 cups warm milk (105 to 110 degrees F)
4 eggs
1/4 teaspoon cream of tartar

Sift into a large bowl the biscuit mix, sugar and salt. Soften yeast in milk. Beat eggs with cream of tartar until thoroughly mixed. Combine milk mixture with eggs and pour into dry ingredients. Stir until well mixed. This makes a heavy, sticky mixture. Set aside in a warm place covered with a damp cloth (a yeast mixture rises best at about 80 degrees F).

When doubled in bulk, stir down and fill two loaf pans, which have been greased, about half way. Again, allow mixture to double its size before baking at 350 degrees F about 20 minutes.

Serve very hot. This bread freezes well, but must be allowed to thaw completely before re-heating.

Makes 2 loaves.

No-Knead Dill Bread

1 tablespoon active dry yeast
2 1/2 cups flour
1/4 cup lukewarm water 105 to 115 degrees F
1 cup cottage cheese room temperature
2 tablespoons granulated sugar
1 tablespoon dried minced onion
1 tablespoon butter room temperature
2 teaspoons dill seed
1 teaspoon salt
1/4 teaspoon baking soda
1 egg at room temperature
Melted butter
Salt

Preheat oven to 350 degrees F.

Combine yeast and flour and set aside.

Place water in a food processor, add cottage cheese, sugar, onion, butter, dill seed, salt, baking soda, egg and flour mixture, processing until thoroughly mixed.

Lightly grease and 8-inch round casserole dish. Place dough in dish. Cover with a light lint free towel. Let rise in a warm place until doubled in size, about an hour.

Bake 40 to 50 minutes. After removing bread from oven, brush top with melted butter, sprinkle with salt.

Oatmeal Batter Bread

3/4 cup boiling water
1/2 cup old-fashioned rolled oats
3 tablespoons shortening
1/4 cup honey
1 teaspoon salt
1/4 teaspoon apple pie spice
1 package dry yeast
1/2 teaspoon granulated sugar
1/4 cup warm water
1 egg, slightly beaten
1 1/4 cups flour
1 1/2 cups flour

In medium bowl, stir together boiling water, oats, shortening, honey, salt and apple pie spice until well mixed. Cool.

Mix yeast, sugar and warm water, stirring until dissolved. Add yeast mixture, egg and 1 1/4 cups flour to oatmeal mixture. Beat well. Gradually add the 1 1/2 cups flour. Beat until batter is smooth. Spread batter into greased 9 x 5-inch loaf pan. Cover with towel and let rise 45 minutes.

Bake at 375 degrees F for 1 hour.

Old-Fashioned Oatmeal Bread

1 3/4 cups boiling water
1 cup rolled (quick-cooking) oats
5 1/3 tablespoons (2/3 stick) butter
1/2 cup table molasses (golden, barrel)
1 tablespoon salt
2 packages dry yeast
1/4 cup lukewarm water
Pinch of granulated sugar
2 large eggs, lightly beaten
6 cups sifted all-purpose flour

Combine boiling water, rolled oats, butter, molasses and salt in a large mixing bowl. Cool to lukewarm. While cooling, proof the yeast by adding it to the lukewarm water with the sugar. If it foams, it is active. Add to the lukewarm oat mixture and blend well. Gradually stir in the eggs and flour. The dough will be stickier than regular bread dough. Pour into a greased bowl, cover with a damp cloth and place in the refrigerator for at least 2 hours or until needed.

Remove the chilled dough and knead about 2 minutes to remove air bubbles. Divide into two and shape into loaves on a well-floured surface. Generously grease two loaf pans and sprinkle extra rolled oats around their bottoms and sides. Place the loaves into the greased pans. Cover with a damp cloth and let rise in a warm, draft-free place until double in bulk, approximately 2 hours.

Bake in a preheated 375 degree F oven for 45 to 50 minutes or until done. The bread should pull away from the sides of the pan. Remove from pans at once and serve warm.

Olive–Dill Casserole Bread

2 packages dry yeast
2 cups warm water (105 to 115 degrees F)
1/4 cup minced fresh dill weed or
1 1/2 tablespoons dried dill weed
2 tablespoons granulated sugar
3 tablespoons chopped pimento–stuffed olives
2 tablespoons butter or margarine, melted
2 teaspoons salt
4 1/2 cups all–purpose flour, divided
1 teaspoon dill seed

Dissolve yeast in warm water in a large bowl, and let stand 5 minutes. Stir in dill weed, sugar, olives, butter, salt and 2 cups of the flour. Beat at medium speed with electric mixer until mixture is smooth. Gradually stir in enough remaining flour to make a soft dough. Place dough in a well–greased bowl, turning to grease top. Cover and let rise in a warm place (85 degrees F), free from drafts, 45 minutes or until doubled in bulk. Dough may be light and bubbly.

Punch dough down and vigorously stir with a wooden spoon 30 seconds. Turn out into a lightly greased 2–quart round casserole. Sprinkle top of dough with 1 teaspoon dill seed. Bake at 375 degrees F for 55 to 60 minutes, covering top of bread with aluminum foil to prevent overbrowning, if necessary.

Remove bread from casserole and let cool on wire rack. Baked bread may be frozen for up to 3 months, if desired.

Onion Bread

1 cup milk, scalded
3 tablespoons granulated sugar
1 tablespoon salt
1 1/2 tablespoons oil
2 tablespoons active dry yeast
1/4 cup warm water
1/2 cup chopped onion
6 cups unbleached flour

Combine milk, sugar, salt and oil in a large bowl and cool until lukewarm. Dissolve yeast in warm water and stir into the milk mixture. Add the onion. Beat vigorously for 10 minutes, gradually adding about 4 cups of the flour, until the dough begins to pull away from the sides of the bowl. Turn out on a lightly floured surface. Knead for 8 to 10 minutes, until dough is smooth and elastic, adding flour as necessary to prevent stickiness. Lightly oil a large bowl. Place dough in a bowl and turn to coat on all sides. Cover with plastic wrap and let rise in a warm, draft-free place until doubled in bulk — about 45 minutes.

Grease two loaf pans. Punch down the dough. Divide in half, shape into loaves, and place in the pans. Cover with a tea towel and let rise until doubled in bulk — about 20 minutes. Preheat the oven to 350 degrees F. Bake for 1 hour. Transfer to a wire rack to cool.

Pan Dulce

Dough

2/3 cup milk
2 tablespoons shortening
2 tablespoons butter
2 eggs, beaten
1/3 cup milk
1 package dry yeast
1/2 teaspoon granulated sugar
4 1/2 cups flour
1/2 cup granulated sugar
2 tablespoons brown sugar
1/2 teaspoon cinnamon
1/2 tablespoon salt

Combine the 2/3 cup milk, shortening and butter in a saucepan. Heat just enough to melt the shortening and butter, then allow the mixture to cool to room temperature. At this point stir in the beaten eggs. Heat the 1/3 cup milk until it is just room temperature and stir in the yeast and 1/2 teaspoon sugar. Allow the mixture to sit until bubbles form on the surface, about 10 minutes, then stir it into the milk and egg mixture.

Meanwhile, mix together the flour, 1/2 cup sugar, 2 tablespoons brown sugar, cinnamon and salt. Next, stir in the yeast and milk and egg mixture to make a medium dough, one that is not too damp or too dry, adding flour or water as needed. Knead the dough for 5 to 10 minutes or process it in a food processor for 40 seconds. Lightly grease the dough, place it in a dish, cover it with a damp towel, and allow it to rise until doubled in size, about 1 to 1 1/2 hours.

While the dough is rising cream together the topping ingredients.

After the dough has risen, divide it into 16 balls, then roll balls into circles about 3 inches in diameter and place them on baking sheets. Brush each dough circle with a mixture of 1 egg white and 2 tablespoons water, then cover them with a thin layer of the topping. At this point you may leave the topping as is or cut designs such as parallel lines into it with a thin knife. Next, drape a damp towel over the rolls and allow them to rise until doubled in size, 30 to 40 minutes. Bake about 20 minutes in an oven preheated to 375 degrees F.

Topping

3/4 cup flour
3 tablespoons brown sugar
3 tablespoons granulated sugar
1/2 teaspoon cinnamon
1/4 cup butter
2 egg yolks
3/4 teaspoon vanilla extract

Peasant Bread Made with Sponge

2 loaves

Bread Sponge

The sponge can be refrigerated for one week or frozen for up to three months.

1 1/2 cups warm water (about 110 degrees F)
1/2 teaspoon active dry yeast
3 1/2 cups bread flour

In electric mixer, combine 1/4 cup water and yeast. Let stand until yeast is creamy, about 10 minutes. Add remaining water and flour, mixing on low speed 2 minutes. It will be the consistency of a wet dough.

Place in a lightly oiled bowl. Cover and let stand at room temperature for 24 hours. (If refrigerated or frozen, bring to room temperature before using).

Makes about 3 1/2 cups.

Peasant Bread

2 cups plus 1 tablespoon warm water (about 110 degrees F)
1 1/4 teaspoons active dry yeast
1 cup sponge, pulled into small pieces (recipe above)
6 cups bread flour
1/2 cup white, light or medium rye flour
1 tablespoon salt

Preheat oven to 450 degrees F.

In electric mixer, combine 1/4 cup water and yeast. Let stand until yeast is creamy, about 10 minutes. Add 1/2 cup more water and sponge. Mix on low speed using paddle attachment about 2 minutes.

Add flours, salt and remaining water. Mix 1 minute longer.

Using dough hook, mix on medium low speed, pulling dough from hook two or three times, until dough is soft and sticks to fingers when squeezed, about 8 minutes Or knead by hand, 15 to 20 minutes.

On a floured work surface, knead dough into a ball by hand, four or five turns. Place smooth side up in a lightly oiled bowl. Cover with plastic wrap. Let rise in a warm place until tripled in bulk, about 3 hours.

Turn dough onto floured surface. Flour top and cut in half. Roll up one piece of dough lengthwise, flatten slightly and roll lengthwise again.

On an unfloured surface, cup your hands around the sides of the dough and move it in small, circular motions, until top of dough is rounded and bottom is smooth.

Flour a piece of parchment and place dough on it and cover loosely with oiled plastic wrap, then cover

with a towel. Repeat process with second piece of dough.

Let rise in a warm place until doubled in bulk, about 50 minutes.

Thirty minutes before this final rise is completed, place a baking stone or baking sheet in the oven and an empty baking pan on the lowest shelf and heat oven.

Sprinkle dough with flour and dimple the surface with your fingertips and let rise 10 minutes more.

Using a baker's peel or baking sheet, slide loaves and parchment onto the baking stone or baking sheet. Pour 2 cups very hot water into the heated baking pan to create steam.

Bake 25 to 30 minutes or until dark golden brown and hollow sounding when tapped on the bottom. Transfer to a wire rack to cool for at least 30 minutes before slicing.

1/2 cup Asiago cheese, grated
2 tablespoons prepared pesto

Makes 4 servings.

Pita

1 package yeast
1 1/3 cups warm water
1 tablespoon vegetable oil
1 teaspoon granulated sugar
1 teaspoon salt
3 to 4 cups flour

Dissolve yeast in warm water. Stir in oil, sugar and salt, then stir in 2 cups of the flour. Beat until smooth. Stir in remaining flour until the dough is easy to handle. Knead for 10 minutes. Cover and let rise in a greased bowl until double in size — about 1 hour.

Punch down. Separate into 6 equal parts. Shape into balls. Cover; let rise 30 minutes.

Roll each ball into a 6- or 7-inch circle 1/8-inch thick. Place 2 circles in opposite corners of each of 3 ungreased cookie sheets. Cover and let rise for 30 minutes.

Bake for 10 minutes at 450 degrees F until puffed and brown.

Quick French Bread

1 package yeast
2 cups lukewarm water
1 1/4 tablespoons salt
1 tablespoon granulated sugar
5 or 6 cups flour

Add yeast to water, then add salt and sugar. Stir until the yeast dissolves. Beat the flour into the yeast water, a cup at a time, using a wooden spoon to stir. Add as much flour as you need to make a smooth dough. Knead until smooth. Brush top and sides with oil and cover the dough with a towel. Let stand in a warm place to rise until double in bulk.

Turn the dough onto a floured bread board and shape into long French loaves. Place the loaves on a baking sheet sprinkled with cornmeal and let stand to rise for 5 minutes.

Slash the tops of the loaves in several places, brush them with water and place in a cold oven.

Preheat the oven to 400 degrees F. Place a pan of boiling water in the oven with the loaves and bake them for 45 minutes, or until crusty done.

Rice Bread

1 1/2 cups well-cooked rice
1 egg
2 tablespoons butter
1 tablespoon granulated sugar
1 cup very warm water or milk
1 package dry yeast
4 cups or more all-purpose flour
2 teaspoons salt

Beat rice, egg, butter, sugar, water and yeast together briefly. Set aside to proof well, 30 or 40 minutes, until barmy. Pour into a sieve and rub the rice through. Unlike most sieving operations, this one goes quickly. Beat in the flour and salt until smooth. The dough should be quite soft, but not liquid. Add a little more flour if necessary and let rise in the bowl, covered, until doubled, about one hour.

Beat down vigorously. Shape in one large loaf and place in a buttered 9 x 5-inch bread pan or make two loaves for 5 x 3-inch bread pans. Or you can shape the dough into egg-size rolls. Let the loaves or rolls rise, covered loosely, until double in volume, about 1 hour.

Slash and loaves or rolls deeply just before baking. Place the bread into a preheated 450 degree F oven and immediately decrease the heat to 400 degrees F. Bake until light brown, about 40 minutes for loaves, 20 minutes for rolls.

Sally Lunn

1 package dry yeast
1/4 cup lukewarm water
1 teaspoon granulated sugar
6 tablespoons butter
6 tablespoons shortening
1 cup milk
4 cups flour
1/3 cup granulated sugar
2 teaspoons salt
4 eggs
Melted butter

Dissolve yeast in warm water; add sugar and set aside.

Warm butter, shortening and milk until all is melted; then let stand until lukewarm (105 to 110 degrees F).

Sift together flour, sugar, salt.

Beat eggs thoroughly and combine with milk and yeast mixtures. Beat well. Add flour and beat well. Set bowl in pan of hot water to rise. Leave a wooden spoon in the batter and cover all with towel. Every 20 minutes beat dough down; then put back in pan of hot water, cover with towel and let rise again. It will rise after every beating. Do this at least 3 hours (the wonderful texture is achieved by this beating).

After last beating, put dough in well-greased Bundt or other tube pan, cover with towel and let rise again (about 1 1/2 hours).

Bake at 325 degrees F for 45 to 60 minutes. Baste with melted butter during the last 10 minutes of baking.

If not serve immediately, it freezes beautifully wrapped in foil. Remove from freezer 1 hour before serving; heat in 350 degree F oven for 20 to 30 minutes in the foil. Serves 15.

Sandwich Bread

1 cup warm water (105 to 115 degrees F)
1 teaspoon granulated sugar
2 envelopes dry yeast
2 cups warm water (105 to 115 degrees F)
1/2 cup granulated sugar
1/2 cup vegetable oil
1 tablespoon salt
9 cups (about) all-purpose flour

Lightly grease a large bowl and set aside. Combine 1 cup warm water and 1 teaspoon sugar in another large mixing bowl. Sprinkle with yeast and stir until dissolved. Let stand in warm area until foamy — about 10 minutes.

Stir in remaining water and remaining sugar with oil and salt. Beat in flour, 1 cup at a time, until dough begins to hold together but is still sticky. Turn dough out onto a lightly floured surface and knead until smooth and elastic, adding more flour as necessary. Form dough into a ball. Transfer to lightly greased bowl, turning to coat entire surface. Cover bowl with plastic wrap, then with warm damp towel. Let stand in warm area until doubled in bulk, about 1 1/2 hours.

Lightly grease four 8 x 4-inch loaf pans. Punch dough down. Turn out onto lightly floured surface and knead briefly. Divide dough equally into fourths. Shape each into a loaf and transfer to prepared pans. Cover pans with plastic wrap and then with a warm damp towel. Let stand in a warm area until doubled, about 1 1/2 hours.

Preheat oven to 400 degrees F. Bake until loaves are golden brown and sound hollow when tapped on the bottom, about 20 minutes. Turn out onto wire racks and let cool completely.

1 cup Grape-Nuts
1 cup shredded Swiss cheese
1/2 cup Parmesan
1 tablespoon dill seed
4 cups all-purpose flour

Dissolve yeast in warm water. Add eggs, beating until blended. Add dry cake mix, cereal, Swiss cheese, Parmesan and dill. Beat well. Stir in flour. Divide batter between 2 well-greased loaf pans. Cover and let rise in warm place 1 to 1 1/4 hours or until nearly double.

Bake loaves in a 350 degree F oven for 55 to 60 minutes or until bread sounds hollow when lightly tapped. Cover with foil last 15 minutes.

Soft Baked Pretzels

1 package dry yeast
1 1/2 cups warm water
1 tablespoon granulated sugar
4 cups flour (maybe more)
1 beaten egg
Coarse salt (optional)

Cut dough into 12 pieces. Roll pieces of dough into 16-inch ropes. To make pretzels, curve ends of each rope to make a circle; cross ends at top. Twist ends once and lay down over bottom of circle. Spray cookie sheet with baking spray. Arrange pretzels on sheet. Brush on egg and sprinkle with coarse salt. Bake for 12 to 15 minutes, or until golden.

St. Joseph's Bread

2 to 3 cups unbleached flour
1/2 tablespoon active dry yeast
1 tablespoon honey
2/3 cup hot water
1/2 teaspoon salt
2 tablespoons butter
3 tablespoons aniseed
1/3 cup golden raisins
Corn meal

Combine 1 1/2 cups of the flour, yeast, honey, water, salt, butter and aniseed in a large bowl. Mix thoroughly. Add raisins. Beat for another 10 minutes, adding flour until the dough begins to pull away from the sides of the bowl. Turn out on a lightly floured surface. Knead for 8 to 10 minutes, until dough is smooth and elastic, adding flour as necessary to prevent stickiness. Lightly oil a large bowl. Place dough in bowl and turn to coat on all sides. Cover with plastic wrap and place in a warm, draft-free place until doubled in bulk — about 1 hour.

Grease a baking sheet and sprinkle with corn meal or line one with kitchen parchment. Punch down the dough. Shape into a long loaf. Place the loaf on the baking sheet and make three or four 1/2-inch diagonal slashes on the top. Cover with a tea towel and let rise until doubled in bulk — about 30 minutes.

Preheat the oven to 350 degrees F. Mist loaves with water or vinegar before baking and twice during baking. Bake about 40 minutes. Transfer to a wire rack to cool.

NOTE: Traditionally, you shape the bread to look like a patriarch's beard by making five torpedo loaves of graduated lengths, 1 long, 2 medium and 2 short. Place them close together on a baking sheet in the following order: 1 short, 1 medium, 1 long, 1 medium, 1 short. They will rise together and you'll have Pane di San Guiseppe.

Applewood Fried Biscuits

1 quart milk
1/4 cup granulated sugar
2 2/3 packages dry yeast
1/2 cup shortening
3 teaspoons salt
7 to 9 cups flour

Add yeast to warm water. Add other ingredients and let dough rise. Work into biscuits and let drop into hot fat.

This recipe will make about seven dozen biscuits. They can be frozen individually and stored in plastic bags. When you work them up, don't let the biscuits rise too high. The fat should be slightly hotter than 350 degrees F. If the fat should be too hot, the biscuits will sag in the center.

Batter Buns

2/3 cup warm water
1 package dry yeast
2 tablespoons granulated sugar
1/2 teaspoon salt
1/4 cup soft shortening
1 egg
1 2/3 cups flour

Measure water into mixing bowl. Add yeast, stirring to dissolve. Add sugar, salt, shortening, egg and 1 cup of the flour. Combine with mixer on low speed, guiding batter into beaters with rubber scraper. Add remaining flour. Beat until smooth. Spoon into greased muffin cups, filling each a scant 1/2 full. Let rise in warm place until batter reaches top of muffin cups (about 30 to 40 minutes).

Bake at 375 degrees F for 18 to 20 minutes or until brown.

Makes about 12 buns.

Sunday Rolls

This makes about 2 to 2 1/2 dozen rolls.

2 packages yeast
1/4 cup warm water
1 cup milk
3/4 cup granulated sugar
1/2 cup unsalted butter
2 tablespoons Crisco shortening
1 teaspoon salt
2 eggs
1 cup mashed potatoes
4 1/2 to 5 cups bread flour
Melted butter

In a large bowl, dissolve the yeast in the water. Warm the milk, sugar, the 1/2 cup butter and shortening and salt together in a small, heavy pan over low heat, just until the butter and shortening melt. Set the pan aside to cool to lukewarm.

Add the liquid to the yeast, and let the mixture sit for 5 minutes. Mix in the eggs and potatoes. Stir in as much of the flour as is needed to form a soft dough. Cover the bowl with a towel, and let the dough rise until it has nearly doubled in size, about 1 1/2 to 2 hours.

Sprinkle a counter with some of the remaining flour, and knead the dough for a couple of minutes to make it smooth and elastic. Add in a little flour, if needed, to make the dough more workable. Roll the dough out to a 1/2- to 1/2-inch thickness. Cut it into rounds with a 3-inch biscuit cutter. Brush half of each roll's top with melted butter and fold the unbuttered half over it, so that the upper half extends about 1/2 inch beyond the lower half. Arrange the rolls on a greased baking sheet with the rounded side of each roll just touching the flat side of the roll next to it. Allow the rolls to sit, covered, for 1 hour or until they are doubled in size.

Preheat oven to 400 degrees F. Bake rolls for 10 minutes. Reduce the temperature to 350 degrees F and bake rolls an additional 10 to 12 minutes, or until they are nicely browned. Serve the rolls hot.

Bolillos (Mexican Hard Rolls)

1 package active dry yeast
2 teaspoons granulated sugar
1 3/4 cups warm water (110 degrees F)
1 teaspoon salt
6 cups sifted all-purpose flour

Stir yeast and sugar together in a large bowl; stir in warm water. Add salt, then beat in flour, 1 cup at a time, beating well after each addition. Add flour a tiny bit at a time after the first 4 cups, just until the dough becomes too stiff to stir. Turn out onto a lightly floured board and knead 8 to 10 minutes, or until smooth and satiny. Place in a lightly greased bowl, turning to grease the top of the dough, then cover with a sheet of wax paper and a towel. Let rise in a warm place free of drafts about 1 hour, or until doubled in bulk.

When dough has doubled, punch it down and allow to double again.

Cut dough into 36 equal pieces. Shape into football-like rolls, twisting each end. They should be rather flat with twisted ends. Lay rolls about 2 inches apart on a lightly floured baking sheet. After shaping the rolls, slash the tops with a sharp knife or scissors. Cover with a towel and let rise until doubled in bulk.

When nearly doubled, preheat oven to 400 degrees F and lightly oil the tops of the rolls with a pastry brush. Bake for 20 to 30 minutes or until lightly browned.

Makes 36 rolls.

Bride's Biscuits

5 cups flour
5 teaspoons baking powder
1 teaspoon salt
3 tablespoons granulated sugar
1/2 teaspoon baking soda
1 cup shortening
2 cups buttermilk
1 package dry yeast
5 tablespoons warm water

Sift dry ingredients, then cut in shortening. Add buttermilk. Dissolve yeast in warm water and add to mixture. Knead lightly. Roll out, cut with biscuit cutter and bake on greased cookie sheet at 450 degrees F about 10 to 12 minutes. Cake Mix Cinnamon Rolls

3 (.25 ounce) packages active dry yeast
2 1/2 cups warm water
1 (14.5 ounce) box white cake mix
4 1/2 cups all-purpose flour
1/2 cup butter, softened
1/2 cup brown sugar
2 teaspoons ground cinnamon
1/4 cup butter, melted
1/3 cup granulated sugar

In a small bowl, dissolve yeast in warm water. Let stand until creamy, about 10 minutes.

In a large bowl, combine the yeast mixture with the cake mix and 3 cups of the flour; stir to combine. Add the remaining flour, 1/2 cup at a time, stirring well after each addition. When the dough has pulled together, turn it out onto a lightly floured surface and knead until smooth and elastic, about 8 minutes.

Lightly oil a large bowl, place the dough in the bowl and turn to coat with oil. Cover with a damp cloth and let rise in a warm place until doubled in volume, about 30 minutes.

Caramel Pecan Sticky Rolls

Rolls

1 package yeast
1/4 cup warm water
1/2 cup milk
1/2 cup unsalted butter, divided
1/3 cup granulated sugar
1/2 teaspoon salt
1/2 teaspoon vanilla extract
2 eggs
2 1/4 to 2 1/2 cups all-purpose flour
1 tablespoon ground cinnamon
1/2 cup dark brown sugar

Sprinkle the yeast over the warm water in a small bowl, and let it dissolve. Heat the milk and 1/4 cup of the butter together in a small saucepan until the butter is melted. Pour the milk and butter into a large mixing bowl, and stir in the sugar, salt and vanilla extract. Let the mixture cool to lukewarm, and add the yeast. Beat in the eggs. Gradually mix in the flour, adding only as much as is needed to make a smooth dough. Turn the dough out onto a floured surface, and knead until it is satiny.

Rinse and dry the bowl, and coat it lightly with oil. Place the dough back in the bowl, and turn it over so that it is covered with a film of oil. Cover the bowl with a towel, and set the bowl aside in a warm place until the dough rises to double its original size, about 1 1/2 hours. While the dough is rising, butter a 12 x 9-inch baking pan. Prepare the Topping.

Knead the risen dough lightly, and roll it out into a rectangle about 10 inches by 12 inches. Melt the final 1/4 cup of butter, and spread it on the dough. Sprinkle with the cinnamon and brown sugar. Roll up the dough carefully from one of the rectangle's longer sides. Cut the roll into slices about 1 inch thick. Arrange the slices over the topping in the baking pan. Cover the pan loosely, and let the dough rise until it is doubled in size again.

Bake the rolls 30 minutes or until they are golden brown. Run a knife around the inside edge of the pan and invert the rolls onto a plate or tray. Serve the rolls immediately, or let them cool and reheat them, covered, the following morning.

Topping

1 cup dark brown sugar
1/2 cup pecan pieces, toasted
1/4 cup unsalted butter, cut into several pieces
6 tablespoons corn syrup

Scatter the brown sugar, pecans, and butter bits in the dish, and drizzle with the corn syrup. Place the pan in the oven, and set the oven to 350 degrees F.

Heat the pan for a few minutes, until the butter has melted and the syrup is runny. Remove the pan from the oven, but leave the oven on. Stir the mixture if it has melted unevenly. Set the pan aside.

Chelsea Buns

1 cup milk
1/3 cup granulated sugar
2 teaspoons salt
1/2 cup shortening
1/2 cup water
1 teaspoon granulated sugar
1/2 cup lukewarm water
1 envelope active dry yeast
5 cups flour
3/4 cup lightly packed brown sugar
3 tablespoons butter
3 tablespoons hot water
3/4 cup red and green maraschino cherries
1 cup seedless raisins
1/2 cup pecan halves or chopped walnuts
1/2 cup soft butter
3/4 cup lightly packed brown sugar
1 tablespoon cinnamon

Scald the milk. Pour it into a large bowl and the 1/3 cup of sugar, salt, shortening and the first 1/2 cup water. Stir until the shortening melts. Cool to lukewarm.

Meanwhile, dissolve the 1 teaspoon sugar in the lukewarm water. Sprinkle the yeast over the water and let sit for 10 minutes, then stir briskly and add to the milk mixture. Beat in 2 1/2 cups of the flour. Then gradually add enough of the remaining flour to make a soft dough. Turn the dough onto a floured board and knead for 10 minutes, or until the dough is smooth and elastic. Shape into a ball.

Grease a bowl and place the dough in it, rolling the ball to grease the entire surface. Cover with a greased wax paper and a damp cloth and let rise in a warm place for about 1 1/2 hours, or until doubled in bulk.

Punch down the dough, knead two or three times and let rest for 10 minutes on a board.

Meanwhile, prepare a syrup for the buns. Put the first 3/4 cup brown sugar, 3 tablespoons butter and 3 tablespoons hot water in a pan. Stir over medium heat until the butter melts, then boil for 2 minutes. Immediately pour into two greased 10-inch round pans.

Drain the cherries thoroughly and cut them into halves. Divide the cherries, raisins and pecans between the two pans, sprinkling them evenly over the bottoms. Roll the dough into a 14 x 9-inch rectangle. Spread with the soft butter. Sprinkle with the last 3/4 cup brown sugar and the cinnamon. Roll up from the long side into a tight roll. Cut into 16 even pieces and place the pieces, cut side down, in the prepared pans. Grease the tops, cover with greased wax paper and a damp cloth and let rise in a warm place for about 45 minutes, or until double in bulk.

Preheat the oven to 375 degrees F. Bake the buns for 25 minutes, or until golden brown. Place strips of wax paper under a rack. As soon as the buns come out of the oven, turn the pans upside down on rack. Allow the syrup to run over the buns and remove the pans.

Yields 16 buns.

Herb and Lavender Rolls

12 servings (24 rolls)

6 cups bread flour
2 packages (1 1/2 tablespoons) active dry yeast
2 teaspoons salt
2 1/2 cups buttermilk
1 teaspoon baking soda
1/2 cup butter
1/4 cup plus 2 tablespoons herbes de Provence
1 teaspoon chopped lavender flowers (optional)

Make the dough: In a large bowl or food processor fitted with a metal blade, combine flour, yeast, and salt.

In a small bowl, stir buttermilk and soda together. Use a wooden spoon to stir the liquid into the flour mixture or, with the processor running, gradually add the buttermilk mixture to the dry ingredients. Process until a soft, supple dough forms or, on a lightly floured surface, knead dough by hand until smooth – about 15 minutes.

Form dough into a ball. Lightly oil a large bowl, place dough in it, and cover with plastic wrap. Let rise until doubled – about an hour.

Form the rolls: Lightly spray two 12-cup muffin tins with vegetable-oil cooking spray and set aside. Punch the dough down and place on a lightly floured surface. Divide dough in half and pat the dough into two 6 x 6-inch squares, cover with a clean towel, and let rest for 10 minutes.

In a small saucepan, melt the butter. In a small bowl, mix the herbes de Provence and the lavender flowers, if using. With a lightly floured rolling pin, shape 1 square of dough into a 12 x 24-inch rectangle. Using a pastry brush, coat the dough with half of the melted butter and sprinkle with 1/2 of the herb mixture. Using a sharp knife or pizza wheel, cut the dough along the 24-inch length into six 12-inch-long, 2-inch-wide strips. Stack the 6 strips, butter side up, and cut each into twelve 2-inch square stacks. Pinch one side each of the 12 dough stacks together and place, pinched end first, into a muffin tin. Repeat, using remaining square of dough. Lightly cover with towel and let rise until doubled in bulk — about 45 minutes. Preheat oven to 450 degrees F.

Bake the rolls: Place rolls on the middle rack of the oven and bake until golden brown – 15 to 20 minutes. Remove immediately from the muffin tin and cool on a wire rack. Serve warm.

In large bowl combine 2 cups flour, sugar, undissolved yeast, cinnamon, salt, allspice and nutmeg. Heat milk, water and butter until very warm (120 to 130 degrees F). Gradually add to dry ingredients; beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally.

Add 2 eggs and 1/2 cup flour; beat 2 minutes at high speed. Stir in enough remaining flour to make soft dough. Knead on floured surface until smooth and elastic, about 6 to 8 minutes. Place in greased bowl, turning to grease top. Cover; let rise in warm place until doubled in size, about 45 to 60 minutes. (With RapidRise Yeast, cover kneaded dough. Let rest on floured surface 10 minutes. Proceed with recipe.)

Punch dough down. Remove dough to floured surface. Knead in dates and candied fruits. Divide dough into 18 equal pieces; shape into smooth balls. Place in 2 greased 8-inch square or round baking pans. Cover; let rise in warm place until doubled in size, about 30 to 45 minutes.

Brush egg white over rolls. Bake at 375 degrees F for 20 minutes or until done. Remove from pans; let cool on wire racks. Drizzle or pipe Confectioners' Sugar Frosting onto each roll to make a cross.

Confectioners' Sugar Frosting

In small bowl combine 1 1/2 cups confectioners' sugar, sifted, 1 to 2 tablespoons evaporated milk and 1/2 teaspoon vanilla extract. Stir until smooth.

Hot Water Rolls

1 cup boiling water
1 cup shortening
1 cup granulated sugar
1 1/2 teaspoons salt
2 eggs, well beaten
2 packages dry yeast
1 cup lukewarm water
1/2 teaspoon granulated sugar
6 1/2 cups flour

Pour water over shortening and stir until melted. Add sugar and salt and mix well. Add eggs. Place yeast in lukewarm water and add sugar to activate it. Combine the two mixtures. Sift flour into mixture. Blend well and place in refrigerator. Roll out dough, cut in circles and fold like an envelope. Place on greased cookie sheet; cover and let rise for 2 hours. Bake at 350 degrees F for 20 minutes or until brown. Dough can be kept 10 days in refrigerator.

Ice Box Potato Rolls

1 package dry yeast
1/2 cup lukewarm water
1 cup milk
2/3 cup shortening
1/2 cup granulated sugar
1 teaspoon salt
1 cup mashed potatoes
Flour
2 eggs, beaten

Dissolve yeast in lukewarm water. Scald milk and add shortening, sugar, salt and mashed potatoes. When cooled to lukewarm, add the dissolved yeast. Mix thoroughly and add just enough flour to make a thin batter. Cover and set in a warm place until double in bulk.

Add eggs and stir in enough flour to make a stiff dough (dough will leave sides of bowl when stirred). Turn out on a slightly floured board and knead thoroughly until smooth and pliable. Place in a greased bowl. Cover with a cloth and place in the refrigerator.

When ready to make rolls, pinch off dough, shape, place on greased baking sheet and let rise until doubled in bulk (from 1 1/2 to 2 hours).

Bake at 400 degrees F for 15 to 20 minutes. Dough may be placed in greased muffin tins. Grease rolls on top and allow to rise. In baking, just as they begin to brown, brush with butter. Dough will keep about 1 week in refrigerator.

Makes about 60 rolls.

Jalapeno Breadsticks

1 tablespoon unsalted butter
1/2 medium onion, chopped medium fine
Cornmeal
2 teaspoons active dry yeast
1/4 cup warm water
1 1/2 teaspoons granulated sugar
1 1/2 teaspoons salt
6 jalapeno chiles, seeded and chopped
1 cup buttermilk
3 1/2 cups bread flour

Sauté onion in butter over medium heat until lightly browned. Remove from heat and set aside.

Lightly grease three large baking sheets and sprinkle them with cornmeal.

Sprinkle yeast over warm water in a mixing bowl. Let stand until yeast is dissolved, then stir in sugar, salt, chopped jalapenos, sautéed onion, buttermilk and 2 cups of the flour. Beat mixture well. Stir in enough of the remaining flour to make dough easy to handle. Turn dough out onto a lightly floured surface; knead about 5 minutes. Place in a large greased bowl, cover, and let rise in a warm place until double, about 1 1/2 to 2 hours.

Punch down dough and divide into 4 equal parts. On a floured surface, roll out one part dough to form an 8-inch square. Using a knife or pizza cutter, cut the square into 8 equal strips. Place the strips onto prepared baking sheet. Repeat with remaining portions of dough. Let rise uncovered (1 hour or more for light, airy breadsticks; 30 minutes for a denser, chewier texture). Bake in a preheated 400 degree F oven for 10 to 12 minutes, or until golden brown.

Kummelweck Rolls

Dough

3/4 cup water
1 1/2 teaspoons instant yeast
1 1/2 teaspoons granulated sugar
1 teaspoon salt
1 1/3 cups gluten flour
1 1/3 cups unbleached bread flour
2 tablespoons nonfat dry milk
2 tablespoons potato flour (potato starch)
2 tablespoons unsalted butter
1 egg

Topping

Equal parts caraway seeds, coarse salt and pumpernickel,
mixed until well combined

In a large mixing bowl, or in the bowl of an electric mixer, combine all of the ingredients except the topping, mixing to form a shaggy dough. Knead the dough, by hand or by machine, for 10 minutes. Allow it to rest for 10 minutes, then knead for an additional 10 minutes, till it's smooth and supple. Place the dough in a lightly greased bowl, and allow it to rest for 1 hour; it'll become quite puffy, though it may not double in bulk. You may also use your bread machine, set on the Dough cycle, to prepare the dough to this point.

Divide the dough into six 3 1/4-ounce pieces, and shape them into smooth, slightly flattened rounds. Place them on a baking sheet, covered, to rise for 1 hour, or until they're good and puffy.

Brush the rolls with a bit of melted butter, and sprinkle lightly* with the topping. Bake them in a preheated 425 degree F oven for 15 to 18 minutes, or until they're golden brown. Remove from the oven and cool on a wire rack; they're best served the same day they're made, though they do reheat nicely. Yield: Six large rolls.

*Use more or less topping, according to your taste tolerance for salt.

Laurie's Cinnamon Rolls

3/4 cup milk, warmed
1 large egg
3 cups bread flour
3 tablespoons granulated sugar
1/2 teaspoon salt
4 tablespoons margarine
2 teaspoons active dry yeast
1/2 cup margarine, softened
1/3 cup granulated sugar
2 teaspoons ground cinnamon
1/2 teaspoon ground nutmeg
1/2 cup raisins

For bread machine, set for dough, add all first ingredients and take out when dough is ready.. otherwise, make dough and let dough set for first rising. Take dough and knead for about 1 minute; let rest for 15 minutes.

Roll dough into rectangle about 10 x 15 inches. Spread 1/3 cup margarine over dough to within 1 inch of edges. Sprinkle sugar, cinnamon, nutmeg, and raisins evenly over dough.

Roll dough up tightly on long side, press edges together to seal. With a knife or dental floss (the method I prefer...slide about 8–10 inches of dental floss under the log, crisscross ends over the top and it will cut neatly through the dough). Cut roll into 1–inch pieces. Place rolls into a greased 13 x 9–inch baking pan. Cover and let rise until double in size (about 30–45 minutes).

Bake in 375 degree F oven for 20 to 25 minutes until golden brown. (Do NOT overcook or they will be hard and dry.)

Cool in pan or on rack for about 10–15 minutes.

Drizzle with icing made by combining 1 cup powdered sugar with 1–2 tablespoons of milk and 1/2 teaspoon vanilla extract (blended until smooth).

Makes 24 cinnamon rolls.

Slow–Rise Yeast Rolls

2 cups warm water (90 degrees F to 100 degrees F)
2 packages yeast
6 1/2 to 7 cups bread flour
1/2 cup granulated sugar
2 teaspoons salt
1 egg
1/4 cup shortening

Mix warm water and yeast together. Add half the flour, sugar and salt and beat until well mixed (a heavy–duty mixer or food processor is useful here). Add egg and shortening and gradually add the remaining flour. Knead for about 5 minutes. Put into oiled bowl. Cover with damp cloth and refrigerate. Divide into quarters next day (or up to three or four days later).

Shape the rolls as suggested below. Brush with milk and top with seeds as desired. Allow to rise at room temperature 1 to 2 hours. Grease baking pans as necessary and bake for 12 to 15 minutes at 400 degrees F.

Roll Shaping

Form small balls and put 3 in each muffin cup.

Roll larger ball in butter, then in sesame seeds.

Shape into ropes about 1/2 inch in diameter and 8 inches long; make a loop and pull end through to make a knot.

Soft Sandwich Buns

3 tablespoons butter, melted
1/4 cup powdered milk
3 tablespoons granulated sugar
3 cups flour
1/4 cup potato starch
2 teaspoons salt
1 tablespoon yeast

Place ingredients into pan of bread machine in order listed. Select dough cycle and start machine. Check for consistency after about 10 minutes of kneading. If necessary, add flour (1 tablespoon at a time) or water (1 teaspoon at a time) to produce a smooth, somewhat soft dough. Allow machine to complete cycle.

When timer sounds, remove dough to surface sprayed with Pam. Cut into 8 fairly equal pieces. Round the corners by tucking under to form smooth, round buns. Place on greased baking sheet and flatten slightly with hand to make approximately 4 inch buns. (They will rise up but not out, so make them the size you want now.) Cover with greased plastic wrap and let rise in a warm place for about 1 hour, or until very puffy.

Bake in preheated 350 degrees F for 18–22 minutes, until nicely browned. Remove to rack and spray with butter-flavored Pam. Cool and slice.

Sour Cream Orange Rolls

1 package active dry yeast (about 3 teaspoons)
1/2 cup warm water
1 3/4 cups granulated sugar
1 cup sour cream
2 eggs
3 1/2 cups flour
1 cup melted butter
1/2 teaspoon salt
1 orange

Stir yeast into warm water. Add 1/2 cup sugar, 1/2 cup sour cream, eggs, 6 tablespoons melted butter, salt and approximately 2 cups flour. Beat well. Gradually add enough more flour to make a soft dough that may be kneaded. Knead until smooth and elastic. Place dough in greased clean bowl, cover, and allow to rise until double in bulk.

Knead dough to remove excess air. Divide into 2 parts. On a lightly oiled surface roll each part into a 12-inch circle. Brush each circle with 1 tablespoon butter. Combine 1/2 cup sugar with grated rind from 1 orange. Sprinkle orange sugar on dough circles. Cut each circle into 12 wedges. Starting at the wide end of each circle roll each wedge into crescent roll. Place on greased baking sheet and allow to rise 10–15 minutes. Bake at 350 degrees F for 20 minutes or until golden brown. Prepare glaze while rolls are baking. Pour glaze over rolls after removing from oven.

Glaze: Combine 1/2 cup butter with 3/4 cup sugar, 1/2 cup sour cream and 2 tablespoons orange juice in sauce pan. Bring to a boil over medium heat. Boil, stirring constantly, for 3 minutes. Pour glaze over roll immediately after removing rolls from oven.

Sweet Rolls in a Bundt Pan

1 frozen bread dough, thawed but not yet risen
1 small box cook and serve butterscotch pudding
1/2 cup (1 stick) margarine
3/4 cup brown sugar
1 tablespoon cinnamon
1 can your favorite flavor pie filling

Glaze

1 cup powdered sugar
2 tablespoons hot water
Dash of almond flavoring

Preheat oven to 350 degrees F. Spray the Bundt pan with nonstick spray to make this turn out easier after baking. Add the pie filling first or spread it throughout the mixture as you add the dough pieces.

Cut the thawed bread dough into four long strips and then cut each strip into eight equal pieces. Place these pieces in the Bundt pan so they evenly cover the bottom of the pan.

Sprinkle the cook and serve pudding on top of the dough pieces.

Melt the butter and add the cinnamon and brown sugar to it. Pour this mixture over the dough and pudding in the Bundt pan.

Allow this to rise until it fills the Bundt pan and then bake for 20 to 25 minutes. Cool only slightly and turn out onto a serving platter. (This is supposed to be this messy).

Combine all glaze ingredients and drizzle the glaze over the slightly cooled sweet rolls. Cut with a very sharp knife into individual portions or just pull off a piece.

Whole Grain Buns

2 tablespoons milk
2 tablespoons honey
2 1/2 tablespoons molasses

Heat milk, honey, molasses, water and shortening, stirring to melt the shortening. Cool to 105 degrees F to 110 degrees F and add yeast. Stir to dissolve. Add both flours, salt and egg and mix on low speed of electric mixer until ingredients are well combined. Let dough rest in mixing bowl for 30 minutes (or until doubled in bulk).

Remove and form into rolls or buns. Gently press bran flakes on bun or roll tops. Let rise for 30 minutes (or until doubled in size). Bake at 400 degrees F for 15 to 20 minutes.

Yields about 1 dozen rolls or buns.

NOTE: If stone ground wheat flour is unavailable, substitute whole wheat.
